The following corrections are included in Rx Packs for November and December 2021. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.2152 pack unless otherwise noted.

Below is a list of all Rx Packs for Campus.2148 and the date of availability:

- Rx Pack Campus.2148.8 - December 22, 2021
- Rx Pack Campus.2148.7 - December 20, 2021
- Rx Pack Campus.2148.5 - December 10, 2021
- Rx Pack Campus.2148.3 - December 3, 2021
- Rx Pack Campus.2148.2 - November 23, 2021
- Rx Pack Campus.2148.1 - November 22, 2021

See the Release Pack Campus.2148 - November 2021 article for a full list of cases included in the Campus.2148 release.

With standard Campus releases, we provide schema change information such as this article. Would this information be helpful if included in this Rx article? (Schema changes in Rx cases are rare, on average one in thirty cases.)
