

# What's New in Scheduling

Last Modified on 05/12/2025 6:16 pm CDT

This article is provided to give highlights of the changes in one location, with links to updated content and other resources that can assist districts during the scheduling season.

In the next several releases, enhancements and modifications are occurring to Campus's Scheduling tools. All updates will be noted in the relevant Release Packs when they are available, and content related to those tools will be updated accordingly.

In 2019, Oracle changed their license module, which then changed access to JAVA. JAVA is required to run the Schedule Wizard. In future releases, tools accessible through the Schedule Wizard - Trials, Whiteboard, Staff/Course Planner, etc. - are being enhanced to no longer need JAVA, and can be accessed directly in Campus.

A new Scheduling Center tool is available that provides an overview of a school's progress towards completion of scheduling-related tasks during the scheduling season. Since Scheduling tools are located throughout the product, the Scheduling Center displays all of them in one location.

Available in the [Campus.2219 \(May 2022\)](#) Release

### Updates

- A Blended Learning Card has been added to the Scheduling Center. [Campus.2223 \(June 2022\)](#)

## Schedule Wizard

The Trials tool accessible within Campus (NOT in the Schedule Wizard) has a new look to meet other technology initiatives. Additional updates and functionality are planned for future releases.

Available in the [Campus.2223 \(June 2022\)](#) Release

## Updates

- The Trial ID now displays on the Trials side panel. [Campus.2227 Release \(July 2022\)](#)

# Walk-In Scheduler

**Classic View:** Student Information > General > Schedule > Walk-In Scheduler
