PATH: *Campus Instruction > Reports > Section Standards*

The Section Standards report provides a list of standards aligned to the selected section's course. To be included in the report, standards must be aligned to a **category** in the section. Standards do not need to be aligned to Assignments to be included.

Use this report to view a list of standards to be addressed by a course, including the full standard description.

The screenshot shows a web interface titled "Section Standards". It contains an "Instructions" section with the text "This report lists the standards linked to the selected course section." Below this is a "Report Options" section with a "Select Section *" dropdown menu currently showing "05) 3600-4 AP Literature". At the bottom of the form are two buttons: "Generate PDF" and "Close".

View standards aligned to a section.

Generating the Section Standards Report

1. Select a **Section** to view the standards aligned to that section.
2. Click **Generate PDF** to view the report in PDF format or click the arrow button next to **Generate** to select a different format.
