Last Modified on 10/22/2022 9:29 am CDT

If modifying tool rights for Instruction tools, use the [Classic View](#) of Campus.

Tool Rights determine the level of access users have to tools throughout Campus. Normally, tool rights are granted with distinctions between Read, Write, Add, and Delete access. However, Campus Instruction tool rights are all or nothing. Marking a rights checkbox for a Campus Instruction tool gives users and groups full access to the tool.

Campus Instruction rights appear below the list of Campus Tools rights.
