Check out the [Progress Monitor](#) article for more information about the other buttons in the action bar at the bottom of the screen.

# Available Scoring Views

There are multiple views in the Progress Monitor where you can enter scores, depending on where you click. The following sections describe each area:

- [Score Assignments by Student](#)
- [Score Assignments by Alignment](#)
- [Score Assignments by Alignment and Student](#)
- [Score All Assignments](#)

Turn on **Pass/Fail Coloring for Grades** and/or **Pass/Fail Coloring for Scores** in the [Account Settings](#) to color code passing scores/grades in green and failing scores/grades in red.

## Score Assignments by Student

Click the **Assignments** button to view all assignments for that student in the current Term.

Filter this assignment list using the options along the top, **Unscored**, **Scored**, **Missing**, **Assigned**, and **Unassigned**, or by assignments aligned to a specific **Standard/Grading Task**.

Column	Description
<b>Assigned</b>	Indicates if this student has been assigned this assignment. Unmark this checkbox to unassign this assignment, which <a href="#">individualizes</a> the assignment to not include this student. Note: unassigning an assignment removes any scores for this student.
<b>Assignments</b>	The Abbreviation and Name of the assignment, followed by the Category. Click the name of the <a href="#">assignment</a> to view it.

Column	Description
<b>Standard/Grading Task</b>	The standards and/or grading tasks to which the assignment is aligned.
<b>Score</b>	Each alignment receives its own score. Alignments scored using <a href="#">Rubrics</a> with fewer than 6 options display as buttons. Otherwise, type the score.
<b>Comments</b>	Enter comments for the score or select <a href="#">canned comments</a> , depending on district settings.
<b>Flags</b>	Mark <b>Turned In</b> or use the flag dropdown to add a flag to the assignment. Assignments that students have turned in via <a href="#">Campus Student</a> are marked as Turned In by default. See the <a href="#">Score Flags</a> section following for more information about flags.
<b>Student Work</b>	Displays links for scoring submissions or using a scoring rubric, depending on assignment setup. Submissions display as a timestamp of when the assignment was turned in.  See the <a href="#">Scoring Submissions</a> and <a href="#">Evaluate Student Work using Scoring Rubrics</a> articles for more information.
<b>Custom Dates</b>	Indicates that the assignment's dates have been <a href="#">individualized</a> for this student, such as extending a deadline.
<b>Start/End Date</b>	The dates on which the assignment was assigned and when it is due.

## Appendix A: Score Flags

The following table describes the effect of marking a flag for an assignment:

Abbreviation	Description	Additional Logic
<b>T</b>	Turned In	<p>If you mark an assignment as Turned In and then as Missing, the Turned In flag is removed. Assignments which are enabled for Submission through Campus Student are closed for submission when the Turned In flag is marked.</p> <p>Assignments are flagged as Turned In when a student submits work through Campus Student. To allow students to resubmit an assignment, remove the Turned In flag.</p>
<b>M</b>	Missing	<p>The logic of the Missing flag is dependent on whether a <a href="#">Missing Assignment Percentage</a> is entered by your district.</p> <p>If the district has not set a calculation, the Missing flag is an indicator only; flagged assignments CAN be scored.</p> <p>If the district has set the flag to auto-calculate and entered a <a href="#">Missing Assignment Percentage</a>, flagged assignments calculate as the entered percentage of Total Points for assignments scored using Points or Marks. Hover over the score field to see the calculated score. In this instance, a score cannot be entered if the Missing flag is selected. Score are not auto-calculated for assignments scored using Rubrics.</p> <p>If you mark an assignment as Missing and then as Turned In, the Missing flag is removed. If the missing flag is set to auto-calculate, when calculating a Proficiency Estimate via Mode of a limited number of assignments, if any of those assignments are marked as Missing, the Proficiency Estimate will not calculate.</p> <p><b>How do I know what my district has set?</b></p> <p>Can you enter a score for a missing assignment? If so, no calculation has been set.</p> <p>If you cannot enter a score, hover over the score field to see the calculated score. For example, if a district has set the missing flag as 25%, a 20 point assignment calculates as 5 points.</p>

Abbreviation	Description	Additional Logic
<b>L</b>	Late	N/A
<b>I</b>	Incomplete	When calculating a Proficiency Estimate via Mode of 3 or Mode of 5, if any of the 3 or 5 scores are marked as Incomplete, the Proficiency Estimate will not calculate.
<b>Ch</b>	Cheated	Score appears stricken-through. Scores with the cheated flag automatically calculate as zero. When calculating a Proficiency Estimate via Mode of 3 or Mode of 5, if any of the 3 or 5 scores are marked as Cheated, the Proficiency Estimate will not calculate.
<b>X</b>	Exempt	Score appears stricken-through. The grid of scores flagged as Exempt appear in grey. Exempted assignments do not display in student and parent views. When calculating a Proficiency Estimate via Mode of 3 or Mode of 5, if any of the 3 or 5 scores are marked as Exempt, the Proficiency Estimate will not calculate.
<b>Dr</b>	Dropped	Dropped scores are not included in In Progress grade calculations. The <a href="#">Drop Lowest Score</a> option can be set for categories to automatically mark the lowest score in the category as dropped.
-	-	A small gray square displays in the bottom left corner of the score grid if the student was not rostered into the section on the due date of the assignment.

Typing the flag Abbreviation into the score grid sets that flag, unless the abbreviation is a valid Assignment Mark or Rubric score. If you clear the abbreviation and move to a different cell, a message appears asking if you want to clear any flags on the score. However, replacing the abbreviation with a score does not remove the flag.
