Searching for Other Curriculum to View

Search for teachers by Name, filtered by School or Course, or any combination of the three. Click the **plus** next to a teacher's name to add them to your list. Once all the teachers you'd like to add are in the **Selected** list, click **Save** to add them to your **Other Curriculum** list to the right of the planner.

If a teacher has classes in more than one school, you have the option of indicating which of their schedules you want to view.

To remove a teacher from your list, click the X after their name.

The performance of the Planner may be affected by the number of teachers and curriculum items shown at one time. Campus recommends adding teachers to your list and then toggling a few on at a time to compare curriculum.
