Search Terms: Foster Care

The Foster Care tool indicates whether a student is in Foster Care. A start and end date is associated with each instance of a Foster Care record. These records are not tied to student enrollments or calendars.

The state of Arizona has not defined fields that are specific to the state. Districts may use the Foster Care module to track Foster Care data if desired.

Fields vary by state. Please see your state's State Tools articles for more information on Foster Care procedures in your state.
