- Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason
- Children and youths who may be living in motels, hotels, trailer parks, shelters
- Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
- Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, or
- Migratory children who qualify as homeless because they are children who are living in similar circumstances listed above

California has defined unique Primary Night Time Residence, Unaccompanied Youth, and Runaway Youth statuses. Further information on these fields is described below. For information on all other fields, please see the [Homeless](#) article.
