The Migrant tool captures information for students whose parents/guardians move frequently in an effort to find work or better living conditions. The Federal Migrant Program provides support for these students to be successful in their education. Kentucky Migrant Region Coordinators and other staff members can track migrant program information for each student in a school or district.

See the core [Migrant](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Migrant records.

**Migrant records are created and maintained at the state-level and published down to districts. Records at the district-level are read-only.**

The screenshot shows the 'Student Migrant Tool' interface. At the top, it displays 'Student, Jacob W' with details: Grade: 06, #1231231231, DOB: 05/26/2007, Gender: M. Below this, there are buttons for '+ New', 'Print', and 'Publish State Migrant Records'. A 'Migrant Editor' table is visible with the following data:

MIS2000 ID	Arrival Date	Expiration Date	Migrant Region
123456789	06/04/2019		Northern

The left sidebar contains a navigation menu with 'Migrant' highlighted in a red box. Other menu items include System Administrator, Student Information, General, Program Participation (English Learners (EL), Foster Care, Gifted & Talented, Homeless), Programs, and Custom Programs.
