Search Terms: Graduation

The Graduation tool provides districts with the ability to track graduation information used in state reporting, AYP (Average Yearly Progress) determinations and NCLB (No Child Left Behind) report cards. Districts can track when a student first entered ninth grade and calculate his/her expected graduation date.

Graduation information is not currently collected in Idaho state reports.

> See the core Graduation article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Graduation records.

General Graduation Information

The Graduation Detail section lists the student's general graduation information (diploma date, NGA cohort information, etc.) and any required fields necessary for state reporting.

General Graduation Information Editor

Diploma Type

The Diploma Type drop-list allows users to select the type of plan under which the student graduated.

▶ Click here to expand...

NGA Cohort Year

This field is used as part of the National Governor's Association graduation calculation rate. The selected year is often four years after the ninth grade start year; if a student has not graduated high school in four years (could be less than or more than four years), this selection can be changed.

State Reporting Graduation Fields

The State Reporting Graduation fields are unique to the state of Arizona. These fields allow districts to enter graduation-specific data for each student in the state of Arizona.

State Reporting Graduation Fields

5 or More Year Completor

Identifies the student as graduation from high school in five or more years.

▶ Click here to expand...

Early Graduate Attendance

Flags students who graduate at semester and district may receive a portion of ADA for the remainder of the school year.

▶ Click here to expand...
