**Classic View:** [Student Information](#) > [General](#) > [Report Comments](#)

**Search Terms:** [Report Comments](#)

The Report Comments tool, when used in conjunction with the System Administration Preference of Report Comments for Transcripts and eTranscripts, provides schools and districts a way to include specific comments on printed versions of student Transcripts and eTranscripts. These comments could be indications of certain state requirements that need to be included on all transcripts or a graduation requirement about GPA guidelines on report cards.

If a report comment is marked active for a student's transcript, it is also active on the student's eTranscript. There is no separate option for an eTranscript report comment.

*Student Report Comments*

Only report comments marked as Active on the [Report Comments](#) tool in System Administration are available for selection on the student's Report Comments tool.

There is no limit to the number of comments that can be chosen to appear on a report. It is advised that the number of comments be limited to only those that are necessary, as these comments will affect the display of the report and may alter the page length and the layout of the report.

At this time, Report Comments can only be created for use with Report Cards, Transcripts and eTranscripts.

## Required Setup

Before selecting report comments for a student and before a comment appears on a report, the following must be done:

- Create desired comments to appear on reports in the [Report Comments](#) tool in System Administration.

- Mark the Report Comment option on the [Report Preferences](#).

# Report Comments Creation and Report Generation

Users cannot see the detail of the comments, just the name. For this reason, administrators and personnel responsible for creating the report comments should name the comments in such a way that it is easy to determine what comment should be included.

## Create Report Comments

1. Select the comment(s) to include on the reports by placing a checkmark in the appropriate comment checkbox on the **Report Comments Detail** editor.
2. Click the **Save** icon. The report comment will be saved.

## Generate Reports

1. Navigate to the appropriate location for generation of the report that will include report comments (either when generating in batch mode or the individual students' tabs).
2. Select the appropriate report to generate. The report displays the selected report comments.

The screenshot displays the Infinite Campus interface. On the left, a transcript for Student # 807891 is shown, including sections for State Law, Graduation Requirement, Transcript Statistics (Cumulative GPA: 2.994), and Courses Taken for 2016-2017 Grade 09 and 2017-2018. On the right, the 'Report Comments' configuration window is open, showing a list of report comments with checkboxes for 'Active'. The 'State Law' comment is checked. A red box highlights the 'State Law' comment in both the transcript and the configuration window, with a red arrow pointing from the transcript to the configuration window. Below the screenshot, the text 'Report Comments Appearing on Transcripts' is displayed.

Comments set up to display at the bottom of a report appear after all grade information.

ACT SP09-6 English-Writing 36 pts	20		05/01/2009
Spring 2007 GRAD Wtg:MGWT:07A	4	P	04/10/2007
Spring 2008 GRAD Rdg:MGRT:08A	55	P	04/14/2008
Spring 2009 GRAD Mt:MGMT:09A	53	P	04/13/2009

<u>Credit Groups</u>	
<u>High School</u>	<u>Credits Earned</u>
Electives	11.000
English	6.000
Health	1.000
Mathematics	6.000
Phy Ed	3.000
Science	6.000
Social Studies	7.000
<b>Total</b>	<b>40.000</b>

**Graduation Requirement**  
This is the school's requirements for all students.

Report Comments - Bottom of Report

Report comments on eTranscripts print at the very end of the XML layout.

Report comments can also be assigned to multiple students using the [Report Comment Batch Wizard](#).

## Documents

To view documents, click the **Documents** button on the action bar. See the [Student Person Documents](#) article for more information.
