Search Terms: [Academic Plan Status Report](#)

The Academic Plan Status Report indicates whether a student's graduation or academic program is on-track to meet minimum program requirements to graduate. Use this report to look for missing data, errors in student plans, or signs that there may be an error in transcript data or in the setup requirements. You can also use this report to find students who do not have an active assignment to a graduation or academic plan.

Before generating this report for any of the student status options, calculate the On-Track Status on the [Course Plan Admin](#) tool.

Academic Plan Status Report ☆
[Student Information](#) > [Program Administration](#) > [Academic Plan Status Report](#)

Academic Plan Status Report

It is recommended that a user run Calculate on-track status using the Course Plan Administration tool prior to running this report.

The Academic Plan Status Report can be used to determine whether a student's academic performance is on track to meet the requirements for a program. It can also be used to find students who are not assigned to an academic or graduation program. The on-track status and associated warning messages are calculated any time a student, parent, or counselor views a student's Progress or Course Plan.

Select Student Filters (intersection of all filters)

Show all students and progress towards assigned Graduation program

Show students assigned to at least one Academic Program and progress towards all active assigned Academic Programs

Show students assigned to and progress towards a specific Graduation or Academic Program.

Optionally filter by program:

Show students without an active:

Graduation Program

Academic Program

Grade: Optionally filter by grade

Ad Hoc Filter: Optionally select an Ad Hoc Filter

On-track Status:

Additional Report Options

Selecting a program below allows a district to evaluate a subset of students towards a specific program, not their assigned program. This can be used with any or all filters chosen above to reduce the subset of data to be analyzed. This option will increase the time to generate the report.

Graduation or Academic Program to evaluate:

Academic Plan Status Report

Report Logic

When used to evaluate student status, this report pulls on-track status and warning messages (missing data, no program assigned, list of credit requirements, etc.) from cached calculated

values. These values are updated any time a student, parent or counselor views a student's academic plan. If a transcript post or grading window has passed since the students viewed their courses, update the calculated values using the Course Plan Admin tool.

On-track status is calculated in the following areas:

- Saving Graduation Progress from the Campus Portal (either by the student or parent)
- Saving [Grad Progress](#) information
- Saving Academic Plan information from the Campus Portal (either by the student or parent)
- Saving [Course Plan](#) information
- Saving [Test Requirement](#) information
- Running the **Calculate On-Track Status** option from [Course Plan Admin](#)

Only students who have primary service type enrollments are included in the report.

Report Editor

Field	Description
Select Student Filters <i>Selecting student filters shows a student's progress in their assigned program.</i>	
Student and Program Selection	<p>Selection of one of the following radio buttons is necessary:</p> <ul style="list-style-type: none"> • Show all students and progress towards assigned Graduation Program • Show students assigned to at least one Academic Program and progress towards all assigned Academic Programs • Show students assigned to and progress towards a specific Graduation or Academic Program <ul style="list-style-type: none"> ◦ With this option, select an available program (either Graduation or Academic program). The category assigned to the program displays in parentheses behind the program name.
Grade	Lists all grade levels in the selected calendar.
Ad hoc Filter	Lists all filters to which the user has access.
On-Track Status	<p>Selection option returns just those students who are currently classified as the chosen status, based on the information in their Grad Progress tool. Options are:</p> <ul style="list-style-type: none"> • All Students (this is the default selection) • Off-Track Only • On-Track Only

Field	Description
<p>Additional Report Options</p> <p><i>Selecting a program allows a district to evaluate a subset of students towards a specific program, not their assigned program. This can be used with any or all filters chosen above to reduce the subset of data to be analyzed. This option increases the time required to generate the report. The Submit to Batch option is recommended.</i></p>	
<p>Graduation or Academic Program to evaluate</p>	<p>Lists all active and inactive graduation and academic programs. The category assigned to the program displays in parentheses behind the program name. The selection is used as a comparison against the student's currently assigned academic program.</p>
<p>Report Format</p>	<p>The report can be generated in either PDF, CSV or DOCX format.</p>
<p>Report Generation Options</p>	<p>The report can be generated immediately using the Generate Extract button. When there is a larger amount of data chosen, use the Submit to Batch button, which allows the user to choose when the report is generated. See the Batch Queue article for more information.</p>

Generate the Plan Status Report to see Current Status

A school year, school name and calendar must be selected in the Campus toolbar in order to generate this report.

1. Select one of the student filter options (described above) for inclusion in the report.
2. Select the desired **Report Format**.
3. Click the **Generate Report** button to display the results immediately, or click the **Submit to Batch** button to choose when the report generates.

Show all students and progress towards assigned Graduation program option

Generate the Plan Status Report to see Progress Toward Another Program

A school year, school name and calendar must be selected in the Campus toolbar in order to generate this report.

1. Select one of the student filter options (described above) for inclusion in the report.
2. Select another **Academic Program to Evaluate** from the dropdown list.
3. Select the desired **Report Format**.
4. Click the **Generate Report** button to display the results immediately, or click the **Submit to Batch** button to choose when the report generates.

Because of the way the data is pulled from the tables to determine a student's progress towards another program, it is recommended to use the Submit to Batch process.

Show students assigned to and progress towards a specific Graduation or Academic Program option

Report Layout

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
Student	Reports the student's last name, first name in alphabetical order	Alphanumeric, 50 characters	Identity.lastName Identity.firstName	Census > People > Demographics > Person Information > Last Name, First Name
Student Number	Reports the student's locally assigned student number.	Numeric, 12 digits	Person.student Number	Census > People > Demographics > Person Identifiers > Student Number

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
Grade	Reports the student's grade level of enrollment.	Alphanumeric, 2 characters	Enrollment.grade	Student Information > General > Enrollments > General Enrollment Information > Grade
Program	Reports either the student's currently assigned program or the selected program to see the student's progress towards that program. If the student is not assigned a program, <i>No Program Assigned</i> displays in this column.	Alphanumeric, 25 characters	Program.name	Student Information > Academic Planning > Program > Academic Program Detail > Program
Diploma	Reports the type of diploma the student receives upon graduation and successful completion of the assigned academic program. This is set on the Graduation Program tool. This field is blank when the report is generated for evaluating a student's progress towards another program.	Alphanumeric, 15 characters	ProgramParticipation.Diploma	Programs > Academic Programs > Diploma Type

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
Cohort Year	Reports the NCLB Cohort End Year assigned on the graduation tool. If this field is blank on the student's graduation tool, <i>Missing 9th grade start date on Graduation tool</i> displays in this column.	Numeric, 4 digits	Graduation.cohort YearNCLB	Student Information > General > Graduation > NCLB Cohort End Year
On-Track	Indicates the student's on-track status as either yes or no. See the Report Logic section for information on how this is calculated. If the student is on track and has met all requirements, the report indicates the type of diploma the student received and when.	Alphabetic, 3 characters Yes or No	Calculated value, data not stored	Calculated value, data not stored

Data Element	Description	Type, Format and Length	Campus Database	Campus Interface
Requirements Not Met	<p>When students are missing requirements for graduation, those credit types are listed. This reports for each requirement that could be reported:</p> <ul style="list-style-type: none"> • Credit Requirements • Course Requirements • Test Requirements • GPA Requirements 	Alphanumeric, 50 characters	Calculated value, data not stored	Calculated value, data not stored

Finding Students without an Active Program
