## Exclusionary Factors

Exclusionary Factors NOT STARTED
Editor 10 of 16

A child must not be determined to be a child with a disability if the determinant factor for that eligibility is lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in section 1208(3) of ESEA); lack of appropriate instruction in math; or limited English proficiency; and if the child does not otherwise meet the program area eligibility criteria for a child with a disability.

1. Lack of appropriate instruction in reading
2. Lack of appropriate instruction in math
3. Lack of appropriate instruction in writing
4. Lack of English Proficiency
5. Cultural Factors
6. Environmental or economic disadvantage

## Decision Making

The Decision Making for Eligibility editor indicates if the student has received the necessary intervention and progress monitoring to verify eligibility.

Decision Making NOT STARTED
Editor 11 of 16

Have interventions been implemented and monitored as designed for an appropriate time to show effect or lack of effect in the identified area(s) of concern?

Progress monitoring demonstrated the child is not making sufficient rate of progress to meet age or State-approved grade-level standards within a reasonable time frame when child's response to intervention is measured. Therefore, there is an adverse effect on educational (functional, developmental, and/or academic) performance.

**Committee Rationale:**  
Please include any applicable comments.
