Editor Types

There are two types of editors available: List or Basic editors. When navigating to a Basic editor, the list of fields within the editor display. List editors display a master list of all records within that editor. Clicking an existing record or the New button will open the detail view for an individual record. An example list editor is the [Special Ed Services](#) editor.

Padlock Icon

Only one user at a time can actively work on an editor. A person with a padlock icon  displays in the Editors side pane, Editor Home, and Master Screen of list editors indicating which editors currently have users working on them. Hovering over the icon displays the name of the user who has checked out the editor, including the current user (you).

Editors that are currently being edited are read only for all other users. The name of the person working on the editor displays in the header.

Once the editing user navigates away from an editor, that editor becomes available to work on.

Template Banks

Certain fields within several editors have a paper icon next to their name. When the icon is clicked,

a side panel displays with the available library of predetermined text for that field. See the [Template Banks](#) documentation for additional information.
