Digital Equity Field Descriptions

Classic View: Student Information > Program Participation > State Programs > Digital Equity

Search Terms: Digital Equity

The Digital Equity tool allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

See the core [Digital Equity](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Digital Equity records.

The screenshot shows the 'Digital Equity' tool interface. At the top, there is a navigation breadcrumb: 'Student Information > State Programs > Digital Equity'. Below this, there are action buttons: '+ New', 'Save', 'Delete', and 'Print Summary Report'. The main content area is divided into two sections. The first section, 'Digital Equity Summary', contains a table with two columns: 'Start Date' and 'End Date'. The second section, 'Digital Equity Detail', contains several form fields: '*Start Date' (calendar icon), 'End Date' (calendar icon), 'Internet Access In Residence' (dropdown), 'Primary Internet Access Type in Res' (dropdown), 'Internet Performance' (dropdown), 'Primary Digital Device' (dropdown), and 'Primary Device Access' (dropdown). At the bottom of the detail section, there is a label 'District Defined Elements'.

Example Digital Equity Tool

Note the following:

- Use the [Federal/State Program Updater](#) tool to import Digital Equity information to this tool.
- For OLR Prime users, see the [OLR Federal Program Posting Setup](#) article for information

on adding Digital Equity fields (and other Federal Program fields) to the Online Registration application. These fields automatically post to the added field.

Digital Equity Field Descriptions

Start Date

Reports the start date for the Digital Equity record.
