Search Terms: Digital Equity

The Digital Equity tool allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

See the core Digital Equity article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Digital Equity records.

New Jersey Digital Equity

Note the following:

- Use the Federal/State Program Updater tool to import Digital Equity information to this tool.
- For OLR Prime users, see the OLR Federal Program Posting Setup article for information

on adding Digital Equity fields (and other Federal Program fields) to the Online Registration application. These fields automatically post to the added field.
