The Instruction Mode tool allows schools and districts to track which students receive 50% or more of their instruction in a non-face to face in-person setting.

The screenshot shows the 'Instruction Mode' page for a student named John. The page includes a breadcrumb trail: Student Information > State Programs > Instruction Mode. At the top, there is a student profile section with a name field containing 'John', a grade field set to '12', and a 'PoF' (Point of Face) indicator. Below this are action buttons for 'New', 'Save', 'Delete', and 'Print'. The main content area is divided into two sections: 'Instruction Mode Summary' and 'Instruction Mode Detail'. The summary section contains a table with columns for 'Start Date' and 'End Date', showing a record from 09/21/2021 to 12/31/2021. The detail section includes a note: 'Select Dates the student is REMOTE for 50% or more of their scheduled day (is not in a face to face in-person setting)'. It features two date pickers: 'Start Date' (09/21/2021) and 'End Date' (12/31/2021). At the bottom, it shows 'Modified By: Administrator, System 09/21/2021 10:58 AM' and a 'District Defined Elements' section.
