## CRAFT Screening Conducted Date and CRAFT Screening Results

The CRAFT is a seven-item instrument that is a research-validated tool recommended by the national alcohol and drug organization due to its sensitivity and specificity of identifying adolescents who need intensive substance abuse treatment. CRAFT is an acronym derived from the words in this questionnaire:

- Have you ever ridden in a **C**ar driven by someone\* (including yourself) who was “high” or who had been using alcohol or drugs? \*Other than parent/guardian
- Do you ever use alcohol or drugs to **R**elax, feel better about yourself, or fit in?
- Do you ever use alcohol or drugs while you are **A**lone by yourself?
- Do your family or **F**riends ever tell you that you should cut down on your drinking or drug use?
- Have you ever gotten into **T**rouble while you were using alcohol or drugs?

Only complex and/or school personnel who have been formally trained are allowed to administer the Adolescent Screening Interview Tool.

The CRAFT Screen Result, or score, is based on a student's answers to the questions above. Each "yes" response scores 1 point. Users are able to enter this score in the Screening Result drop-list.

## Behavior Resolution Types

The identifying code and name of the resolution. Resolution Types are created in [Resolution Types](#) and are mapped to State Resolution Codes. While a Behavior Resolution can be created to record any type of resolution, additional information is required by the state of Hawaii for any incident tied to the following types of resolution: [Alternative Educational Activities \(AEA\)](#), [Arrest](#), and [Suspension](#). See the [Hawaii Behavior Admin Setup](#) article for additional setup information.

When the student is excluded from attending school, the principal or designee shall ensure that alternate educational activities or other appropriate student support assistance shall be provided, and that the student is referred for appropriate intervention or treatment services, or both, as determined by the principal or designee in consultation with the appropriate school staff or in accordance with the Hawaii administrative rules for students with disabilities, if applicable.

## Resolution End Date and Duration in School

## Days

The Resolution End Date and Duration in School days indicate the date on which the assigned resolution ends while Duration in School Days indicates the number of school days for which the resolution was assigned.

Once the Resolution End Date field is populated, the Duration in School Days field automatically populates and vice versa.

When the number of instructional days remaining in the school year is fewer than the Duration in School Days number, the Resolution End Date is the last day of school.

## Interventions

Interventions are used to support the individual needs of students. Use the field to assign all Interventions necessary for the student.

Interventions only display for Resolutions set up with Interventions enabled. See [Hawaii Behavior Admin Setup](#) article for more information.

## Alternative Educational Activities

Alternate educational activities and other assistance when students are found to be in violation of this chapter. (a) The complex area superintendent shall ensure that alternate educational activities or active participation of the public or private agencies are provided as appropriate for all students who are crisis removed for a period exceeding ten school days or suspended for a period exceeding ten school days.

For Section 504 eligible students, beginning on the 11th day of suspension (consecutive or cumulative), the school must make arrangements to provide alternate educational activities

The complex area superintendent shall ensure that alternate educational activities or active participation of the public or private agencies are provided as appropriate for all students who are crisis removed for a period exceeding ten school days or suspended for a period exceeding ten school days.

(b) For all students who are suspended for one to ten school days, the principal or designee may consider providing alternate educational activities based on student’s need.

The Alternate Education Activities multi-select on the Resolution Detail screen is required when behavior resolution selected is associated with Resolution State Code = AEADS: Dismissal with Alternate Educational Activities.

# Behavior Notifications

When a student is suspended from school for more than ten days, it is *required* that CAS review and approve the extended suspension.

# Student Behavior Tool

The Student Behavior tool provides a history of the student's behavior events, both positive and negative. This collection of student information can be used to review an individual's participation in behavior incidents, such as in a conference with parents. Information about other participants is not included in this tool. Behavior records do not lock and can be edited at any time.

Incidents appear in date order grouped by the calendar of enrollment. Any outstanding detention time and all suspension days assigned to the student based on the Duration in School Days field on the Resolution editor are totaled at the top of the tab.

When the [Behavior Preference](#) to lock completed discipline incidents is set to Yes, a lock icon displays next to those records in the Behavior list.

Student Behavior tool fields that are specific to the state of Hawaii are described below. For all other inquiries, please visit the [Behavior \(Student\)](#) article .
