Census tracks every person entry in Infinite Campus - parents, staff, students, emergency contacts, doctors, etc. Demographic data is used throughout Campus, utilizing historic and current details of each person. Some fields in the Census module are unique to each state. Other fields in the Census module do not require unique, state-specific data. However, many of these fields are required and data entry in these fields is necessary.

Identities

[Name Fields](#) | [Gender](#) | [Birth Date](#) | [Birth Country](#) | [Date Entered US](#) | [Date Entered US School](#) | [Home Primary Language](#) | [Race Ethnicity](#)

Classic View: *Census > People > Identities*

Types of changes include:

- Name and Legal Name

Previous identity information is not lost when it is modified, but an end date is entered for the previous identity and a start date is entered for the new identity.

See the core [Identities](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Identities records.

Households

[Members](#) | [Addresses](#)

Classic View: Census > Households

Households help in identifying which persons live in the same home. The list of Members identifies family and non-family members at a shared address, and the Address information lists where that household is located.

See the core [Households](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing household records.

Members

The **Members** tool lists all persons that have ever lived in the selected household. Due to legacy issues, it is recommended that members are not deleted from the household, but rather ended. This is used to determine whether a student current lives with their parents.

Addresses

The **Addresses** tool within the Household displays all addresses in which the family has resided. For legacy purposes, addresses should not be deleted, only ended, when a family moves. Like the household information to which it is tied, the addresses are used in generating reports that are sent home and in location extracts.

The screenshot displays the 'Household Addresses' page in the Infinite Campus system. At the top, there is a green header with the Infinite Campus logo and a search icon. Below the header, the page title is 'Household Addresses' with a star icon. Underneath, it shows 'Aud Phone: (787)555-3785'. There are three buttons: 'Save', 'Delete', and 'Find New Address'. The main content area is divided into two sections: 'Household Location Editor' and 'Household Location Detail'.
