Search Term: *Announcements*

Announcements provide a way to announce upcoming events, the daily school bulletin, district happenings, etc. Any user that logs into the Campus application will see the Announcements. Portal users can also view Announcements if the district so chooses. These communications can be created as District Announcements or as School Announcements.

Announcements can also be created by State Edition users. See the [Announcements for State Edition Users](#) documentation for more information.

[Forgot Password?](#)
 Due to recent cyber events such as the [heartbleed](#) and [Internet Explorer](#) security flaws, the district strongly suggests all parents/guardians change their password.

Parents/Guardians: If you have not changed your password after 3:30 PM on 5/12/2014, [Click here](#) to change your password or [here](#) for more information.

Announcements

Announcement Editor

A list of existing Announcements displays in the Announcements List. This list includes the date the communication was available (Start Date), when it was no longer visible to either Campus users or Campus Portal users (End Date), and where the communication displayed - Campus only, Portal only or both.

Announcements List

When a message is selected from the Announcements List, an Announcement Detail editor displays, where the items displayed in the Announcement list are chosen.

The screenshot shows two parts of the Infinite Campus interface. The top part is the 'Announcements List' with columns for Name, Campus, Sticky, Portal, Portal Login, Start Date, and End Date. The bottom part is the 'Announcement Detail' view, which includes a School dropdown, Start Date and End Date fields, checkboxes for 'Publish to Campus', 'Sticky', 'Publish to Portal', and 'Publish to Portal Login', a rich text editor toolbar, and the announcement content.

Announcement Detail

The following options are available for selection:

Field	Description
School	Indicates the school in which the message will display. When All Schools is selected in the Campus toolbar (see the Message Recipients section), this will read District Wide; when a specific school is chosen in the Campus toolbar, this field reads the name of the school, and only displays for users in that selected school.
Start Date	Entered date determines when the message will first display. Dates are entered in <i>mmddyy</i> format or can be selected by using the calendar icon. This date displays in the Start Date column in the Announcement List view.
End Date	Entered date determines when the message will stop being displayed. Dates are entered in <i>mmddyy</i> format or can be selected by using the calendar icon. This date displays in the End Date column in the Announcement List view.

Field	Description
Publish to Campus	When marked, the message is viewable on the first page the user sees upon logging in to Campus, viewable when selecting the user's name from the top of the Index. This selection displays in the Campus column in the Announcement List view.
Sticky	Announcements marked as sticky always appear at the top of the list of announcements. This option only applies to messages viewable in Campus Instruction Message Center. At least one of the other checkboxes must be marked in order for the message to display.
Publish to Portal	When marked, the message will be viewable in the Messages section of the Campus Portal for both parent and student users. This selection displays in the Portal column in the Announcement List view.
Publish to Portal Login	When marked, the message will be viewable on the login page of the Campus Portal. This selection displays in the Portal Login column of the Announcement List View (for District Messages only).
Message Text	The body of the message is entered in this text box. Simple formatting options are available in the WYSIWYG editor. The first part of the first message (up to 35 characters) displays as the Name in the Announcement List.

Any of these options can be marked, or no option can be marked. If no option is marked, the message will not be viewable to other Campus users or Campus Portal users.

Message Recipients

Announcements can be written and viewable to all users in a district or users in a selected school. The option selected in the School field of the Campus toolbar determines where the announcement will display.

When the School dropdown in the Campus toolbar is set to All Schools, the announcement is available to all users in the district.

The screenshot shows the Infinite Campus Announcements interface. At the top, the 'Year' is set to '2014-15' and the 'School' dropdown is set to 'All Schools'. The 'Calendar' dropdown is set to 'All Calendars'. The left sidebar shows a navigation menu with 'Announcements' selected. The main area displays an 'Announcements List' table and an 'Announcement Detail' editor. A red box highlights the 'School' dropdown in the detail editor, which is set to 'District Wide'. The text in the editor reads: "Teachers: [Click here to wa](#) Forgot Password? District Wide Announcements

When the School dropdown is set to a specific school, the message is only viewable for users in the selected school.

The screenshot shows the Infinite Campus Announcements interface. At the top, the 'Year' is set to '2014-15' and the 'School' dropdown is set to 'High School'. The 'Section' dropdown is set to '01) 0013-1 Core Math I'. The left sidebar shows a navigation menu with 'Announcements' selected. The main area displays an 'Announcements List' table and an 'Announcement Detail' editor. A red box highlights the 'School' dropdown in the detail editor, which is set to 'High School'. The text in the editor reads: "Attention 9th graders: If you are interested in playing on the 9th grade team for the IB Kickball Tournament on May 29 from 3 p.m. to 5 p.m., please sign up on the sheet outside Mrs. Christensen's door, office 222 in the Main Office."

School Announcements

Create District Wide Announcements

1. Set the **School** dropdown in the Campus toolbar to **All Schools**.
2. Click the **New** icon. An **Announcement Detail** editor displays.
3. Enter the **Start Date** of the message.

4. Enter the **End Date** of the message.
5. Mark the appropriate checkboxes for where the message should be viewable.
6. Enter the text of the message.
7. Click the **Save** icon when finished. The message will display in the selected locations beginning on the date entered in the Start Date field.

Create School Wide Announcements

1. Set the **School** dropdown in the Campus toolbar to the school where the announcement should be viewable.
 2. Click the **New** icon. An **Announcement Detail** editor displays.
 3. Enter the **Start Date** of the message.
 4. Enter the **End Date** of the message.
 5. Mark the appropriate checkboxes for where the message should be viewable.
 6. Enter the text of the message.
 7. Click the **Save** icon when finished. The message will display for the selected school in the selected locations beginning on the date entered in the Start Date field.
