

# Create Fee Assignments (Fees Wizard)

Last Modified on 10/22/2022 9:48 am CDT

## Create Fee Assignments Editor Options | Using the Create Fee Assignments Mode

This section applies when the **Create Fee Assignments** option was selected in the first step of the Fees Wizard.

**Classic View:** Fees > Wizards > Fees Wizard

**Search Terms:** Fees Wizard

The Create Fee Assignments mode assigns the selected fee to students matching the selected criteria (enrolled in the selected calendar and grade level or included in the selected ad hoc filter).

Assigned Fees are visible on the student's **Fees** tab. A Fees Wizard log entry is also created and visible from the first page of the **Fees Wizard**.

When assigning fees, note the following:

- Fees marked as **Assessed Only Once** may only be assigned one time.
- Fees **NOT** marked as **Assessed Only Once** may be assigned multiple times.

The screenshot displays the 'Fees Wizard' interface. At the top, it shows the breadcrumb 'Fees > Wizards > Fees Wizard'. Below this, a section titled 'Fee Wizard' contains the text: 'The Fee Wizard was designed to manage Fee Assignments en masse. Select a mode to get started.' The 'Select Wizard Mode' section has five radio button options: 'Create Fee Assignments' (which is selected and highlighted with a red box), 'Exempt/Unexempt Fee Assignments', 'Adjust Fee Assignments', 'Void Fee Assignments', and 'Mark Fee Assignments Uncollectible'. Below the radio buttons are navigation buttons: '< Back', 'Next >' (highlighted with a red box), 'Preview', and 'Run'. The 'Fee Wizard Logs' section is currently empty. The main content area shows the wizard's purpose: 'This wizard will create Fee Assignments for persons who match the Ad hoc filter or Grade Level selected a...'. It also includes the same warning text about 'Assessed Only Once' fees. At the bottom, there is a 'Create New Fees' section with a 'Due Date' field and a 'Select District Fees' dropdown menu. The dropdown menu lists various fees with their amounts: 10th Grade PSAT Prep \$50.00, Annual Registration \$5.00, Art \$10.00, Book \$0.00\*, Chemistry Lab \$5.00, District Fee \$10.00, Drama Club \$10.00, Elementary Field Trip \$0.00\*, and Fall Sports \$50.00. A note at the bottom of the dropdown says 'CTRL-click and SHIFT-click for multiple'.

## Create Fee Assignments Editor Options

The following options are available when using the Create Fee Assignments mode:

Field	Description
<b>Due Date</b>	Entered date determines when the fee is due for payment. This date appears on the student's Fees tab.
<b>Select Fees</b>	List of fees that can be assigned to the students.
<b>Exempt</b>	When marked, indicates the selected fees can be exempted from payment by the student. Only fees that are marked as <a href="#">May be Exempted</a> on the Fees editor are available for selection.

Field	Description
<b>Select Calendars</b>	Students who have active enrollments in the selected calendar will be assigned the selected fees. The Year and School selected in the Campus toolbar will automatically be selected. If a school is not selected in the Campus toolbar, all calendars for all years appear in the calendar list.
<b>Select Students</b>	Students can be selected by a Grade Level or an Ad hoc Filter. If a school is selected in the Campus toolbar, only those grade levels in the selected school are available for selection. When an ad hoc filter is selected, only those students included in the filter will have fees assigned to them.
<b>Comments</b>	Enter comments related to the assignment of the selected fee. Comments appear when selecting a fee from the student's <a href="#">Fees</a> tab on the Edit Fee Assignment window.

## Using the Create Fee Assignments Mode

The following procedures walk you through assigning fees to students.

### Mode Selection

1. Select the **Create Fee Assignment Mode** from the main Fees Wizard page.
2. Click the **Next** button. The **Create New Fees** editor displays.

### Create New Fees

1. Enter a **Due Date** for the fee. Dates are entered in *mmddyy* format or use the calendar icon to select a date.
2. Select the **Fee** to assign to the students.
3. If students can be exempt from making a payment for this fee, mark the **Exempt** checkbox.
4. Select the **Calendar**.
5. Select the **Students** either by **Grade level** or an **Ad hoc filter**.
6. Enter any **Comments** related to this fee assignment.

### Preview Fee Assignment

1. Click the **Preview** button. A **Fee Wizard Report** displays in a new browser window, listing the students who will be assigned the selected fee.
2. Return to the **Fees Wizard** window to assign the fees.

Fees will not be assigned to a student until the **Run Wizard** button is selected.

## Run Wizard

Click the **Run Wizard** button to assign the selected fees. A **Fees Wizard Report** will display in a new browser window listing the students to whom the selected fee will be assigned.

This is the only indication a user receives that fees have been assigned to students.
