This report is only available to customers who have purchased Campus Point of Sale as add-on functionality.

Classic View: Point of Sale > Reports > Voids Report

Search Terms: Voids Report

The Voids Report provides users with a way to view and print voided transactions. The report includes results for an individual Point of Sale terminal or a group of terminals. Voids are made via the [Journal](#) tab.

The screenshot shows the 'Voids Report' editor interface. At the top, there is a green header with the Infinite Campus logo and a navigation breadcrumb: 'Food Service > Reports > Voids Report'. Below the header, the title 'Voids Report ☆' is displayed. A blue bar contains the text 'Voids Report'. A white box below this bar states: 'This report prints a list of voided transactions including summary and detail information in a PDF report or CSV export.'

The main configuration area includes:

- Select POS to include in report.** (CTRL-click or SHIFT-click for multiple selection)
 - Dropdown menu: All POS Terminals (selected), POS-012, Area Learning Center (bolded), CAFETERIA SERVE, CLASS SERVE, POS-006, POS-007, POS-008, POS-009, POS-013.
- Summary Type:** Radio buttons for Daily (selected), Period, and Month.
- Date:** Input field with '08/26/2020' and a calendar icon.
- Date Type:** Radio buttons for Transaction Date (selected) and Post Date.
- Serving Period:** Dropdown menu with ALL (selected), Afterschool, Breakfast, and Lunch.
- Include Void Detail:** A checkbox that is currently unchecked.
- Select an export format.** Radio buttons for Comma Separated Values (CSV) and PDF report (selected).

At the bottom of the form are two buttons: 'Export' and 'Submit to Batch'.

Voids Report Editor

Generate the Report

1. Select the **POS Terminal** to include on the report.
2. Select the **Summary Type**.
3. Select a **Date Type**.
4. Select the **Serving Period**.
5. Select **Include Void Detail** to include details for every voided transaction.

See [Voids Report](#) and [Voids Detail Report](#) for more information.

6. Select the format for the report.
7. Click the Export button OR the **Submit to Batch** button.

Result

The report displays a summary or detailed list of voided transactions.

Users have the option of submitting a report request to the batch queue by clicking **Submit to Batch** instead of **Export**. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the [Batch Queue](#) article.

Voids Detail Report -Subsequent Pages (PDF Format)

The second (and consecutive) page(s) provide a detailed breakdown of each voided transaction. See the table below for more information about each report column:

Column	Description
Transaction Date	The date/time the original transaction occurred. <div style="border: 1px solid #add8e6; padding: 5px; background-color: #e6f2ff; margin: 10px 0;"> "Server void: POS/Campus eligibility mismatch" will retain the original Tx Date/time however, the Post Date/Time may be different. </div>
Post Date	The date the transaction was posted to the server.
Student (Grade)	The name and grade of the patron account tied to the voided transaction.
Cashier/Manager	The cashier/manager who voided the transaction. Voids report a description of "Server void:POS/Campus eligibility mismatch" and always retain the original Cashier/Manager from the original transaction.

Column	Description
Reason	<p>The reason the transaction was voided.</p> <p>Reason codes can be modified/entered in the Void Code attribute found within the POSTransaction table in the Attribute/Dictionary.</p> <ul style="list-style-type: none"> • Scanner Reconciliation - Indicates an item was inadvertently scanned and charged to the patron's account. • Online Payment Return - Indicates a patron's online payment was returned. • Data Integrity - Indicates money was inadvertently charged to a patron's account because of bad data. This reason is automatically populated whenever a transaction was voided because of a Server Void. • Cashier Void - A report-only display void which auto-populates when the reason is an unknown void processed by the cashier on the Point of Sale. • Parent Refusal to Pay - Indicates a transaction was voided due to a patron's parent(s) refusing to pay the transaction amount. • Backdated Adjustment - Indicates the transaction was updated when a household application was backdated.
Description	<p>A description of why the transaction was voided (50 character maximum). This column will report any text entered in the Description field when voiding a transaction via the Journal tab. If the transaction was voided because of a mismatch in eligibility, (as of the E.1146 Release Pack) a description of "Server void: POS/Campus eligibility mismatch" is reported.</p> <p>"Server void: POS/Campus eligibility mismatch" indicates the eligibility showing on the POS terminal did not match the eligibility showing for the patron in Campus at the time the transaction Posted to the server. This may be caused by any of the following reasons:</p> <ul style="list-style-type: none"> • A student is charged for more than one reimbursable breakfast or lunch meal in a single day. • Changes to a student's eligibility for reimbursable meals in Campus do not match what is being shown on the Point of Sale terminal.
Item Total	Total amount of money voided from the transaction.
Cash Payment	Total amount of cash initially paid by the patron during the transaction.
Check Payment	Total amount of money paid via check during the transaction.
Cash Returned	Total amount of cash returned to the patron after voiding the transaction.

Column	Description
Total	The total amount of the transaction after money was voided. If the amount is in black font, this means an amount of zero or greater was paid by the patron for the transaction (this includes money deducted for the voided amount). If the amount is in red font, this means money was returned to the patron and counts against the terminal's overall balance.
