This article is continually updated as new information becomes available.

The following checklist provides the steps you must complete to migrate to Point of Sale 2.0.

Done	Task	Description
<input type="checkbox"/>	1	Update to the Campus.2227 release . With this release, districts do NOT need to open a ticket with Campus Support. As of Campus.2227, Point of Sale 2.0 is automatically enabled for all districts that have purchased Campus Point of Sale as add-on functionality.
<input type="checkbox"/>	2	Use the Application Manager to create new applications, services, and service layouts. See the Application Manager (POS 2.0) article for detailed instructions.
<input type="checkbox"/>	3	Set the Location School or mark the District Wide checkbox on the Food Service account for any cashiers who do not have an active employment record in Campus. ▶ Click here to expand...
<input type="checkbox"/>	4	Use the Terminals tool to create, install, and configure POS 2.0 terminals. See the Terminal Installation and Configuration (POS 2.0) article for detailed instructions. As part of this step, be sure to validate the application is the correct size on your terminal.
<input type="checkbox"/>	5	Attach and test PIN entry devices.
<input type="checkbox"/>	6	Attach and test cash drawers.
<input type="checkbox"/>	7	Train cashiers to use POS 2.0. The Cashier Cheat Sheet (POS 2.0) and training videos are available here: Point of Sale 2.0 .
