PATH: *FRAM > Online Applications*

The Online Applications tool allows district FRAM Processors to process online Meal Benefits Applications [submitted to the district via the Portal](#).

Marking the **Private** checkbox on the [Members](#) tab prevents a household member's information from appearing on FRAM Online Applications.

This section includes the following articles:

- [Setting up Online Meal Benefit Applications](#)
- [Reviewing and Processing Online Meal Benefit Applications \(FRAM\)](#)
- [Online Application Editor](#)

The screenshot shows the FRAM Online Applications interface. On the left is a navigation menu with 'Online Applications' selected. The main area is titled 'Pending Applications' and contains a table of data.
