Student and Assignment Selection

Mark the checkbox next to a student's name to include that student in the report. All active students are marked by default. Inactive students display in red text.

Mark the checkbox next to a Task and Standard, Category, or Assignment to include student scores for that item in the report. Use the *Select All* option to mass mark or unmark all items. Marking a Task, Standard, or Category automatically marks all assignments, but individual assignments can be marked or unmarked as desired. All items are selected by default.

Note that Category Weights display in the assignments list if they have been entered for your Categories. However, Category Weights only display in the report if "Weight Categories" has been marked in the Grade Calculation Options.
