**Classic Path:** Student Information > Health > General > HOV History

**Search Terms:** Health Office Visits History

The Health Office Visits History tab displays a read-only view of all the student's health office visits grouped by calendar.

See the [Health Office Visits](#) document for information on how to enter HOV records.

Users will need the **R: Read** right to view the HOV History tab for a student enrolled in a calendar for which the user has rights. **W: Write, A: Add, or D: Delete** do not give any additional rights, as this is a read-only tab.

The report can be generated as a PDF or DOCX format.
