

My Demographics

Last Modified on 10/22/2022 9:57 am CDT

[Request Update to Add or Correct Person Information](#) | [Request Update for Legal Name Changes](#) | [Personal Contact Information](#) | [District Defined Elements](#)

Classic View: [Census](#) > [My Data](#) > [My Demographics](#)

Search Terms: [My Demographics](#)

The My Data Demographics tab allows district staff members to review and/or submit changes to their personal information and contact preferences. Update requests will be reviewed by an administrator and will be either approved or denied, as appropriate.

Proper tool rights must be assigned to request updates to My Demographics. See the [Census Tool Rights](#) document for more information.

My Demographics

Protected Identity Information is available on the [Identities](#) tab.

Data appearing on My Demographics reflects that of the [Census Demographics](#) tab.

Should information on the My Demographics tab be outdated or inaccurate, a user may submit the correct information and request that it be updated. There are two **Update Types**:

- [Add or Correct Information](#)
- [Legal Name Changes](#)

Request Demographic Update

Request Update to Add or Correct Person Information

1. Select the **Request Demographic Update** icon. A new Demographics screen displays/
2. Enter a **Brief Description** for this modification. This is not a required field, but entering a description helps to organize requests when viewing them on the My Request tab and when Request Approvers determine the approval or denial action.
3. Select the **Update Type** for this request. To add or correct information, select the first option - **I am adding or correcting my information** .
4. Enter the modified information. **First Name, Last Name** and **Gender** are the only required fields.
5. Click the **Save Request** icon when finished.

An entry is added to the My Request tab, noting changes were requested on a particular date. A designated approver will review the changes and accept or deny as necessary. A message indicating a request has been approved or denied is visible in Message Center on the Process Alerts view. The user may select this link and the My Requests tab displays.

When the request is approved by the designated approver, the requested change will be updated. If the Demographics request has no changes to fields found on the Identity tab, a new identity will not be created when the Request Processor selects the Create a New Identity option.

Request Update for Legal Name Changes

1. Select the **Request Demographic Update** icon. A new Demographics screen displays.

2. Enter a **Brief Description** for this modification. This is not a required field, but entering a description helps to organize requests when viewing them on the My Request tab and when Request Approvers determine the approval or denial action.
3. Select the **Update Type** for this request. To request an update due to a legal name change, select the second option - **My legal name has changed**.
4. Enter the modified information. **First Name, Last Name** and **Gender** are the only required fields.
5. Click the **Save Request** icon when finished.

An entry is added to the My Request tab, noting changes were requested on a particular date. A designated approver will review the changes and accept or deny as necessary. A message indicating a request has been approved or denied is visible in Message Center on the Process Alerts view. The user may select this link and the My Requests tab displays.

When the request is approved by the designated approver, the requested change will be updated. If the change was due to a legal name change, a new identity will be created as of the current date. The existing identity will be ended as of the day before the current date.

Submitted requests can be reviewed on the [My Requests](#) tool.

Personal Contact Information

The Personal Contact Information editor contains phone numbers, messaging preferences and the language preferred for receiving messages.

If [Campus Messenger with Voice](#) is used to deliver phone messages, each contact **MUST** have at least one phone number entered and flagged for a phone message type within the Messenger Preferences area. Otherwise, emergency voice messages will not be delivered to that person.

Personal Contact Information

Contact Information	Private	Delivery Device	Emergency	Attendance	Behavior Messenger	Staff	General	Priority	Teach
Email: <input type="text" value="email1@isd.edu"/>	<input type="checkbox"/>	Email	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Personal Contact Information Editor

Voice and text messaging options ONLY display when the district uses [Campus Messenger with Voice or Text Messaging](#) functionality.

Data Element	Definition
Email/ Secondary Email	<p>Lists the person's email addresses.</p> <p>The primary Email address displays in the following areas:</p> <ul style="list-style-type: none"> • A teacher's email address displays on the Portal Schedule screen. • A parent's email address displays on the Roster. <p>The Secondary Email address does NOT display in these areas.</p> <p>If Campus Human Resources is enabled, the Email is the staff's personal email and Secondary Email is the staff's work email.</p>
Cell Phone	The person's cell phone number.
Other Phone	Additional phone number (not applicable to the Cell Phone, Work Phone or Pager fields).

Data Element	Definition
Private	<p>When the Private checkbox is marked, indicates the details should be kept within school settings. See the Private Checkbox Information article for more details.</p> <div style="background-color: #e1f5fe; padding: 10px; border: 1px solid #ccc;"> <p>Marking this checkbox does not have any effect on any Messenger settings.</p> </div>
Work Phone	The person's work phone number.
Pager	The person's pager number.
Preferred Language	The designated language in which the person prefers to be contacted.
Comments	Details related to the person's contact information.

Messenger Preference Contact Reasons

Data Element	Definition
Delivery Device	The device for which message preferences are being set: email, voice or text.
Emergency	Indicates Emergency messages should be sent to the delivery device.
Attendance	Indicates Attendance messages should be sent to the delivery device. Attendance messages notify guardians when students are absent or tardy from class.
Behavior Messenger	Indicates Behavior messages should be sent to the delivery device. Behavior messages notify guardians when a student is involved in a behavior incident.
Staff	<p>Indicates messages intended for staff (individuals with a District Assignments record) should be sent to the delivery device.</p> <p>Staff who should receive notification of a referral being sent need to have a delivery device marked. These staff names are then available for selection on Behavior Preferences and can be selected in the Notify field on the Behavior Referral.</p> <p>This column only displays when the person has a District Assignments record.</p> <p>For users who have a District Assignment record and are also parents of students enrolled in the district, the Staff checkbox displays on the Contact Preferences list as well. It is recommended that those users have multiple logins to Campus - one for the Portal and one for Campus Instruction.</p>

Data Element	Definition
General	Indicates that messages marked as <i>General Notification</i> and sent from the Scheduling Messenger , Behavior Messenger , Staff Messenger , Survey Messenger or Message Builder should be sent to the delivery device. School Choice Messenger also uses this option.
Food Service	Indicates POS Account Messenger messages should be sent to to the delivery device. POS Account Messenger messages notify guardians of current account balances and when food service accounts have low or negative balances.
Priority	Indicates that messages marked as <i>Priority Notification</i> and sent from the Staff Messenger , Survey Messenger or Message Builder should be sent to the delivery device.
Teacher	Indicates that messages sent from any of the Instruction Messenger tools (Grades Messages , Missing Assignment Messages , Class Messages , Failing Assignment Scheduler and Missing Assignment Scheduler) should be sent to the delivery device. If given rights by the district or school, teachers can send messages to guardians regarding failing grades and missing assignments. They can also send general announcements.

Establish Messenger Preferences

Messenger preferences are used to designate which email and/or phone numbers should be used to contact people associated with Campus (*i.e.*, guardians, students, staff).

Any person who has a relationship with a student can be designated as a messenger contact for that student, as long as the **Messenger** checkbox is marked for that relationship on the [Relationships](#) tab. All voice, email, text and survey messages sent from the system generate a Process Alert (for staff members only) or Portal Inbox (for parents and/or students with Portal accounts) message to the recipient, regardless of the preferences set in this area.

The messenger preferences that appear on this tool can be established and/or updated through one of the following methods:

- **Batch setting/updating preferences for all contacts through the [Contact Preferences Batch tool](#)** - System administrators can set preferences for all messenger contacts *en masse*.
- **Manual setting/updating of preferences for individual contacts on the [Demographics tool](#)** - Users with rights to the Demographics tool can modify messenger preferences of individual contacts.
- **Guardian and/or student contacts set/update their own preferences in the Campus Portal** - Messenger contacts with Portal accounts can set/update their own preferences for receiving messages, if the school allows them to do so. This ability is granted to Portal users only when the **Contact Information** checkbox is marked in the **Portal Options** .

- **Staff contacts set/update their own preferences through My Data (My Demographics tab)** - Staff members can request modifications to their contact information, including phone numbers/email address and messenger contact preferences.

When a selection is made for a particular contact type in the Messenger Preferences area, the contact receives a phone call/email/text for the specific type of message, when applicable. If the message applies to students, the contact receives one message per student to which he/she has a messenger relationship (as indicated by the **Messenger** checkbox on the [Relationships](#) tool). Any phone number/email address that is marked to receive a message receives one message per applicable student.

Campus Messenger with Voice Preferences

Each type of phone message listed (*i.e.*, **Emergency, Attendance, Behavior, General, Priority** and **Teacher**) can be assigned to a listed contact phone number (*i.e.*, **Household, Other Phone, Work Phone, Cell Phone**). If more than one phone number is indicated for the same type of message (*e.g.*, the Work Phone, Cell Phone and Household Phone numbers are marked to receive High Priority messages), multiple calls are made. This means that a person marked as a messenger contact for more than one student may receive the same message multiple times on multiple phone numbers.

Emergency Voice Messages

The [Emergency Messenger](#) dials all contact phone numbers marked to receive **Emergency** messages.

If no phone numbers are marked for communication, emergency voice messages are not be delivered to the contact.

When an emergency message is sent from the district, only one message is delivered to a phone number, regardless of how many students are assigned to the messenger contact. Redials are attempted as set on the [Voice Settings](#) tool (System Administration > Messenger > Messenger Preferences > Voice Settings).

If the emergency message is sent for more than one school (rather than as one message from the district level), a contact may receive multiple messages, if that messenger contact has been assigned to more than one student.

Text Messaging Preferences

The **Text** checkbox only appears in districts that use both the [Text Messaging](#) and [Voice Messaging](#) add-on features.

The **Text** Delivery Devices checkbox allows text messaging as a contact method for household, other phone, cell and/or work phone numbers.

Emergency Text Messages

Emergency Messenger text messages are only delivered to a recipient as a final attempt at contact. They are **ONLY** sent when all initial emergency phone calls and the scheduled number of redials have been attempted for the number without receipt confirmation from the recipient. Should the recipient confirm receipt of the message (by pressing "0" after listening), all text messages scheduled for delivery to any non-shared phone numbers for the recipients are canceled. Additional phone calls and/or redials to non-shared phone numbers are also canceled. Shared phone numbers must be confirmed separately to cancel additional calls to the number. However, shared Text numbers are not canceled.

District Defined Elements

This editor may not display for all users.

When displayed, the District Defined Elements editor contains district-localized fields. *(Screenshot for example purposes only)*

District Defined Elements

<p>Person phoneField <input type="text" value="("/> <input type="text" value=")"/> <input style="width: 20px;" type="text" value=" "/> <input style="width: 20px;" type="text" value=" "/> <input style="width: 20px;" type="text" value=" "/> <input type="text" value="x"/> <input style="width: 20px;" type="text" value=" "/></p> <p>Person emailField <input style="width: 100%;" type="text"/></p> <p>Person dateField <input style="width: 50%;" type="text"/> <input type="text" value=""/></p> <p>Person moneyField \$ <input style="width: 50%;" type="text"/></p> <p>Person timeField <input style="width: 50%;" type="text"/></p> <p>Person checkBox <input type="checkbox"/></p> <p>Person floatField <input style="width: 50%;" type="text"/></p> <p>Employer <input style="width: 80%;" type="text"/></p>	<p>fzdfvzxdfv <input style="width: 100%;" type="text"/></p> <p>Person numberField <input style="width: 50%;" type="text"/></p> <p>Person ssnField <input style="width: 20px;" type="text"/> <input style="width: 20px;" type="text"/> <input style="width: 20px;" type="text"/></p> <p>Person textBox <input style="width: 100%;" type="text"/></p> <p>NewCustomLabel <input style="width: 100%;" type="text"/></p> <p>Person Empty Drop-Down List <input style="width: 50%;" type="text"/></p> <p>Person drop-down list <input style="width: 80%;" type="text"/></p> <p>Occupation <input style="width: 80%;" type="text"/></p>
