Read	Write	Add	Delete
Users can view the Access Log.	Users can view the Access Log.	Users can view the Access Log.	Users can view the Access Log.

## Understand the Access Log

Data captured for each user login attempt is as follows:

Field	Description
<b>Timestamp</b>	Login date and time.
<b>Success</b>	Indicates whether or not the user was successful in logging into their account.
<b>Remote IP</b>	Source IP address.
<b>Balancer Header</b>	Indicates the load balancer the user used to log into Campus.

Field	Description
<b>Remote Browser</b>	Operating system and browser combination used.
<b>App Server</b>	Application server of login attempt.
<b>Third Party Admin</b>	Indicates that another user (with equivalent or greater administrative rights) has used the <a href="#">Login As User</a> button to log into Campus as this user. This column reports the other user's name, user ID and username.
