

# Ed-Fi v2.0 - Student Academic Record Resource Preferences

Last Modified on 10/22/2022 9:58 am CDT

**Classic View:** System Administration > Ed-Fi

**Search Terms:** Ed-Fi

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Student Academic Record resource. If the Configure or Edit button do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Select the appropriate **Ed-Fi Code** for the Course Transcripts Term Descriptors.

Any item not mapped will not report to Ed-Fi.

## Additional Information for Student Academic Records

Course Transcript records in Ed-Fi have a required reference to the Student Academic Record resource which requires a Term Descriptor in order to send to the ODS. When Transcript records are manually added to a student's Transcript tab, there is not a calculated way to determine in which term the student completed the course in order to align it to the proper Student Academic Record. There are two ways in which a Term Descriptor can be assigned to a manually added transcript record:

1. Ed-Fi Transcript Term Override field on the Transcript Course Editor:

### Transcript Course Editor

**\*School Year** 2018-2019 **Grade** 07 **NCES Grade** **District No.** 144 **School No.** HC

**\*Course Number** **Course Name** **State Code**

**SCED Subject Area** **SCED Course Id**

**Date** **Actual Term** **Start Term**

**Terms Long** **Calendar Terms** **Term Start Date**

**Ed-Fi Transcript Term Override**

This field should be used when multiple records for the same course are posted to the student’s transcript in the same school year. If all students have only one transcript record per course in a school year, this field does not need to be populated and the Term Descriptor set for the Ed-Fi Transcript Term Override in the Student Academic Record Resource Preferences is used to report.

Example: Student receives a Fall Semester and Spring Semester grade in the same school year for the same course.

- Set the Ed-Fi Transcript Term Override field on the Student Academic Records Resource Preferences:

### Student Academic Records

**Active**

**Term Descriptor for Course Transcripts**

TranscriptCourse Ed-Fi Term Override	Ed-Fi Code
1Q: First Quarter	First Quarter: First Quarter
1S: Fall Semester	Fall Semester: Fall Semester
1T: First Trimester	First Trimester: First Trimester
<b>Ed-Fi Transcript Term Override</b>	<b>Ed-Fi Code</b>
If Ed-Fi Transcript Term Override is blank or not mapped	First Quarter: First Quarter

The Term Descriptor selected in the Ed-Fi Code field reports for all manually added transcript records where the Ed-Fi Transcript Term Override field is blank on the transcript record. This override is also used in all previous years transcript records where a valid term descriptor cannot be determined.
