

Ed-Fi v2.0 - Student Special Education Program Association Resource Preferences

Last Modified on 10/22/2022 9:58 am CDT

Classic View: System Administration > Ed-Fi

Search Terms: Ed-Fi

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Student Special Education Program Association resource. If the Configure or Edit button do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Select the appropriate **Ed-Fi Code** for the Student Special Education Program Association Descriptors.

Any item not mapped will not report to Ed-Fi.

Enrollment Special Ed Setting Descriptors

Attribute Dictionary	System Administration > Custom > Attribute Dictionary > Enrollment > Special Ed Setting
UI Location	Student Information > General > Enrollments > Special Ed Fields > Special Ed Setting or from an IEP org state reporting SPED tab.

Student Special Education Program Associations
