Classic View: System Administration > Ed-Fi > Ed-Fi Configuration

Search Terms: Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

State Specific Information: Arizona, Nebraska, Wisconsin

The following describes how to set the resource preferences for the Student Education Organization Association resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

> If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly. Any item not mapped will not report to Ed-Fi.

> Mappings listed below are for Core Ed-Fi. Additional/different mappings may be available depending on your state. State specific mappings can be found by clicking the appropriate state link at the top of the page.

Economic Disadvantaged: Economic Disad ▼

Eligibility Type	
Meal	Indicates the record is a meal status eligibility record. This Eligibility Type is utilized by the Food Service Department and for state reporting data.
SES	Indicates the record is a socioeconomic status eligibility record. This eligibility type is utilized for students participating in Provision programs. This Eligibility Type is utilized by other departments within the district, including state reporting. This type will never message to a Point of Sale terminal.
Eligibility	
Free	The student is considered eligible to receive reimbursable meals at no charge.
Reduced	The student is considered eligible and must pay a reduced price for reimbursable meals.
Paid	The student is not considered eligible and must pay student price for reimbursable meals.
Non-reimbursable	This option is never assigned or populated as an eligibility for students. It is for the purpose of processing second (non-reimbursable) meals for students and used for processing an adult (non-reimbursable) meal status for adults/staff. This status is not necessary to be assigned to staff members.
Source	
Direct	Indicates that the student qualifies for free/reduced meals due to Direct Certification files received from a state agency certifying that the child is a member of a SNAP, FDPIR or TANF household or the student is a foster child directly certified from the state. This Certified Type is allowed only when the Eligibility Type is **Meal**. The Eligibility should be **Free**.
Non-Direct	Indicates that the student qualifies for free/reduced meals due to Non-Direct Certification files.
Calculated Logic	The calculated logic is determined by the different selections made in the above fields. The selections determine the choices that appear in the sections below.
Ed-Fi Code	Indicates the Ed-Fi Code that will be associated with the Descriptors.

Student Characteristic Descriptors - Flags: Indication of any flags the student has associated with an enrollment.

Student Characteristic Descriptors - Flags	
UI Location	Student Information > General > Flags

Student Characteristic Descriptors - Foster Care: Indication of if the student is in Foster Care.

Student Characteristic Descriptors - Foster Care	
UI Location	Student Information > Program > Program Participation> Foster Care

Student Characteristic Descriptors - Homeless: Indication of if the student is considered Homeless and/or Unaccompanied Youth.

Student Characteristic Descriptors - Homeless	
Attribute Dictionary	System Administration > Custom > Attribute/Dictionary > Homeless
UI Location	Student Information > Program > Program Participation> Homeless

Student Characteristic Descriptors - Military Status: Reports the student's relationship with a Guardian that has an active Military Connections record. Only add an Ed-Fi Code to the Impact Aid Employment Statuses that indicate the student should report as Parent in Military.

Student Characteristic Descriptors - Military Status	
Attribute Dictionary	System Administration > Custom > Attribute/Dictionary > Impact Aid Employment
UI Location	Census > People > Military Connections

Student Characteristic Descriptors - US Entry Type: Reports the students means of entering the country.

Student Characteristic Descriptors - US Entry Type	
Attribute Dictionary	System Administration > Custom > Attribute/Dictionary > Identity > US Entry Type
UI Location	Census > People > Demographics

Limited English Proficiency: An indication that the student has sufficient difficulty speaking, reading, writing, or understanding the
English language, as to require special English Language service. Select the appropriate Ed-Fi Code for the Limited English Proficiency Descriptors.

Student Characteristic Descriptors - Limited English Proficiency	
UI Location	Student Information > Program Participation > English Learners (EL)

Disability Descriptors: This entity represents an individual for whom instruction, services and/or care are provided in an early childhood,
elementary or secondary educational program under the jurisdiction of a school, education agency or other institution or program. Select
the appropriate Ed-Fi Code for the Disability Descriptors.
