Ed-Fi v3.X - Student Section Attendance Event Resource Preferences

Last Modified on 10/22/2022 9:59 am CDT

Classic View: System Administration > Ed-Fi > Ed-Fi Configuration

Search Terms: Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Student Section Attendance Event resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

> If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Select the appropriate **Ed-Fi Code** for the Attendance Status and Excuse descriptors.

> Any item not mapped will not report to Ed-Fi.

Attendance Status and Excuse Descriptors	
UI Location	Student Information > General > Attendance

2. Select the appropriate **Ed-Fi Code** for the Positive Attendance descriptors.

Positive Attendance Descriptors	
UI Location	Student Information > General > Attendance

Attendance Event Category Descriptors
