

# CRDC - RETN: Retention Questions

Last Modified on 10/22/2022 10:01 am CDT

**Classic View:** Federal Reporting > Civil Rights Data Collection (CRDC) > Maintain Survey Results

**Search Terms:** Maintain CRDC Survey Results

The following questions are part of the RETN: Retention questions for CRDC:

**Note:** Results for the SCHR: School Characteristics module must be generated at least once for a given school prior to independently generating results for other modules.

- [RETN-1: Student Retention Indicator](#)
- [RETN-2 GRK: Retention of Students in Kindergarten](#)
- [RETN-2 GR1: Retention of Students in Grade 1](#)
- [RETN-2 GR2: Retention of Students in Grade 2](#)
- [RETN-2 GR3: Retention of Students in Grade 3](#)
- [RETN-2 GR4: Retention of Students in Grade 4](#)
- [RETN-2 GR5: Retention of Students in Grade 5](#)
- [RETN-2 GR6: Retention of Students in Grade 6](#)
- [RETN-2 GR7: Retention of Students in Grade 7](#)
- [RETN-2 GR8: Retention of Students in Grade 8](#)
- [RETN-2 GR9: Retention of Students in Grade 9](#)
- [RETN-2 GR10: Retention of Students in Grade 10](#)
- [RETN-2 GR11: Retention of Students in Grade 11](#)
- [RETN-2 GR12: Retention of Students in Grade 12](#)

## RETN-1: Student Retention Indicator

**Instructions:** Indicate whether the school has any students who were retained in any of the grades specified based on the Regular School Year. Provide a response only for the grade levels offered by the school.

**Category Mapping:** Grade Levels

**Grade Levels:** K-12

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school.

## Logic

All CRDC Grade Levels will display with results for each applicable grade:

- Show 'Yes' next to each grade level offered at this school where at least one student is enrolled in that grade and was retained.
- Show 'No' next to all grade levels at this school where at least one student is enrolled and no student was retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a droplist next to each grade level that can be set to Yes, No, NS or NULL.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GRK: Retention of Students in Kindergarten

**Instructions:** Enter the number of students in Kindergarten who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** Kindergarten

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR1: Retention of Students in Grade 1

**Instructions:** Enter the number of students in Grade 1 who were retained .

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 1

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

### Logic

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR2: Retention of Students in Grade 2

**Instructions:** Enter the number of students in Grade 2 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 2

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

### Logic

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR3: Retention of Students in Grade 3

**Instructions:** Enter the number of students in Grade 3 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 3

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR4: Retention of Students in Grade 4

**Instructions:** Enter the number of students in Grade 4 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 4

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR5: Retention of Students in Grade 5

**Instructions:** Enter the number of students in Grade 5 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 5

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR6: Retention of Students in Grade 6

**Instructions:** Enter the number of students in Grade 6 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 6

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

### Logic

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR7: Retention of Students in Grade 7

**Instructions:** Enter the number of students in Grade 7 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 7

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

### Logic

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR8: Retention of Students in Grade 8

**Instructions:** Enter the number of students in Grade 8 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 8

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR9: Retention of Students in Grade 9

**Instructions:** Enter the number of students in Grade 9 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 9

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR10: Retention of Students in Grade 10

**Instructions:** Enter the number of students in Grade 10 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 10

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR11: Retention of Students in Grade 11

**Instructions:** Enter the number of students in Grade 11 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 11

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

### Logic

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504

## RETN-2 GR12: Retention of Students in Grade 12

**Instructions:** Enter the number of students in Grade 12 who were retained.

**Category Mapping:** Grade Levels, Regular School Year EL, Regular School Year IDEA, Regular School Year 504

**Grade Levels:** 12

**Skip Logic:** Do not answer for schools that are Preschool only. Do not answer for grade levels not offered by the school. Do not skip for any Grade Level in SCHR-1 is = Yes.

### Logic

Count the distinct number of students that were retained in each grade level offered by the school.

- Report the total number of students for each grade level that were retained.
- Report '0' if the school offers the grade level but no students were retained.
- Report NULL for each grade level the school does not offer.
- Use Regular School Year Enrollment logic to determine if a student is eligible to report.
- Use the Regular School Year EL, 504 and IDEA mapping for the applicable categories.

A student will be considered retained when they meet the following criteria:

- The End Action on the last eligible enrollment for a student in the reporting year is = R: Retain.
- If the student has more than 1 eligible enrollment, report Yes if any of the End Action fields are set to R: Retain.

An override column will be next to the results with a text box that users can enter a value.

## Logic

Detail Report Logic will display the following information:

- Year, NCES School Number, School Name, Students PersonID, State ID, Name, Grade Name and CRDC Grade Level, EL, IDEA, 504
