The Schedule Conflicts Report lists each non-alternate request that has not been fulfilled in the currently active trial.

- When all sections for that course are full, the report displays NO SEATS REMAIN.
- When the Course only has one section, and the student has a course in their schedule that also only has one section, the report displays SINGLETON CONFLICT.
- When the student has no schedule gaps, or the size of the course is larger than the size of the schedule hole, the report displays FULL SCHEDULE.
- When the Conflict type column is blank (no words display), student requests have not been scheduled. For all other situations, the report displays CONFLICT.
