PATH: Scheduling > Courses > Section > Grading by Student

The **Grading by Student** tab allows teachers, principals, counselors, etc. to enter scores and percents for students in the selected course section for the selected student.

This tool and Grading By Task can be useful for posting grades in districts that do not use the Campus Instruction.

Grade Comments

Text can be entered in the text field about the student's behavior, class participation or other information related to the score or student (2500 character limit). These comments will print on report cards and be visible on other Grading by Task tools.

Canned Grading Comments can also be entered for the scores. These comments are created in the Grading Comments tool in System Administration Grading and Standards. Multiple comments can be entered for a student by marking the appropriate checkbox. These comments populate in the Comments field when the user selects the **Update Comment** button.
