The Manage Lunches tool allows a school to list different lunch names that can be assigned to students for scheduling purposes for a school that has multiple lunch periods.

## *Manage Lunches Tool*

Lunches are assigned to the [Course Section](#). When lunch minutes are noted on the [Calendar Periods](#), that time is subtracted from instructional time. For this purpose, schools may extend the period immediately before the lunch time or immediately after the lunch time instead of having a separate lunch period.

If a lunch period is included in the Calendar Periods, that information will be printed on the student's Schedule.

This is not required setup for courses. If this is the desired way lunch should be tracked, follow the procedures below.

## Create Lunches

1. Select the **New** button from the Action bar. A Detail Information editor displays.
2. Enter the **Name** of Lunch.
3. Click the **Save** button when finished. The lunch displays in the Lunch Editor.

**Search Terms:** Periods

A Lunch Time column displays on the Calendar Periods editor. This is populated with a numeric value of the total lunch time and is subtracted from the day's total instructional minutes. In the example below, the lunch period is a separate period in the schedule. Another way to do this is to have the period before it (period 5) have a start time of 11:22am and an end time of 12:07pm, and a 25 minute lunch period is part of period 5.

The screenshot shows the 'Periods' tab in the system administration interface. It includes a 'Period Schedule/Periods Editor' with a 'Name' field, a 'PeriodSchedule Info' section with fields for Name, Sequence, Instructional Minutes, and School Day, and a 'Period Info' table. The table has columns for Name, Sequence, Start Time, End Time, Lunch Time, and Non-Instructional. Row 05 is highlighted with a red box, showing a start time of 11:00 AM, an end time of 12:19 PM, and a lunch time of 25 minutes.

*Name	*Sequence	Start Time	End Time	Lunch Time	Non-Instructional

02	3	08:18 AM	09:05 AM	0	<input type="checkbox"/>

## Lunch Time Minutes Assigned to a Calendar

For schools that designate that lunch can occur at any interval between a period time, enter the duration of lunch next to that period. For example, a school has two different lunch groups, one eating lunch between 11:15am and 11:40am, and the other eating lunch between 11:40am and 12:05pm. The calendar period has a start time of 11am and an end time of 12:19pm. 25 minutes is set aside for lunch (meaning, instructional minutes are not calculated).

Once the Lunches have been created, a Lunch field displays on the Course Section Editor. This field should be populated for any section that meets during the period when lunch occurs (in this example, sections that meet in Period 5).

The screenshot shows the 'Section Editor' interface. At the top, there are tabs for 'Section', 'Staff History', 'Roster', 'Attendance', and 'Grading'. Below the tabs are 'Save' and 'Delete' buttons. The main form contains the following fields:
