You must agree to the Terms of Service before files can be uploaded to the Digital Repository. Only authorized district personnel should accept these Terms.

Acknowledgement of the Terms of Service allows your district 1MB of storage space per student at no cost. The student count used is your state reported student number. Read the Terms of Service to see additional costs for using space beyond your free amount.

Please allow up to 24 hours for your free storage allocation to be calculated.

To accept the terms of service, read the Terms of Service, mark the **I accept the Terms of Service** checkbox and click **Accept**.

Click here to see a copy of the [Terms of Service](#). This document is also available through the Preferences tab once the Terms of Service are accepted.

Digital Repository - Registration

The Campus Digital Repository (CDR) is a large-scale supplemental data storage service for Infinite Campus District Edition. It is designed to provide your stakeholders with efficient access to large numbers of their documents and multimedia files via a growing number of Campus tool sets.

To access the CDR, an authorized District staff member must review and agree to the Terms of Service agreement below on behalf of the district. Once CDR registration has been verified and authorized by Infinite Campus, additional functionality that utilizes this supplemental storage (e.g., content repository) can be enabled.

Note: Terms and Conditions must be accepted to enable the Campus Digital Repository
