

Enable and Disable Campus Digital Repository by School (Instruction Tab)

Last Modified on 10/22/2022 10:07 am CDT

For the most up-to-date information on this functionality, please see the [Digital Repository Preferences](#) article.

Classic View: [System Administration](#) > [Digital Repository](#) > [Preferences](#) > [Instruction](#)

Search Term: [Instruction/Curriculum Preferences](#)

You can enable and disable the Campus Digital Repository for specific schools. When the repository is enabled for a school, teachers in that school have the option to allow students to submit assignments via the student Portal.

If you are a teacher, see the [Enabling Submissions](#) article for directions about using the repository to create assignments for submission on the portal, viewing student submissions and responding to student submissions.

Instruction/Curriculum Preferences ☆

System Settings > Digital Repository > Instruction/Curriculum Preferences

Save

Instruction/Curriculum Preferences

Enable Campus Digital Repository for staff file uploads

- Staff file uploads
