Search Term: *System Preferences*

The **Days to Flag Roster Additions** system preference determines the length of time a student's name will appear in green color within a section roster in both the Instruction module and on Course Section rosters. This gives the teacher and any office staff an indication that the student is new to the section.

Days to Flag Roster Additions Preference

The default value for this preference is 10 days.

A value must be entered for this preference.

Set the Days to Flag Roster Additions

1. Enter a numeric value in whole numbers only up to two digits (1 to 99).
2. Click the **Save** icon when finished.

Any students with a start date entered on a section roster will display in green font in the following areas for the specified number of days:

Module	Tool	Logic
Campus Instruction	Attendance	
	Attendance > Seating Chart and Lab Seating Chart

Start Date Logic

Note the following:

- This preference will determine the number of days the start date is green in roster views.
- The roster start date is considered Day 0 of the roster flag time period. If the roster start date is in the past, a student may never display in green text.
- If no roster start date has been entered for a section, the student name will not display in green.
