PATH: *Resource Management > Add Resource Wizard*

The Add Resource Wizard allows you to add non-employee resources like contractors who work within the district. The wizard walks you through the process of entering contact information and Assignment information. non-employee resources may be assigned to more than one Assignment at a time.

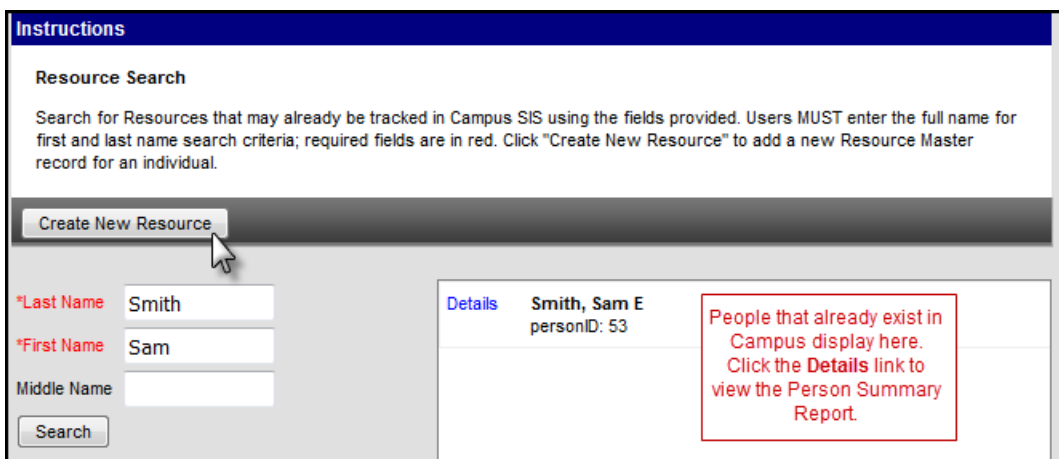

You cannot add students as non-employee resources.

Complete the following steps to add a new non-employee resource to Resource Management:

- [Step 1. Search for Non-Employee Resources](#)
- [Step 2. Enter Contact Information](#)
- [Step 3. Add New Assignment\(s\)](#)

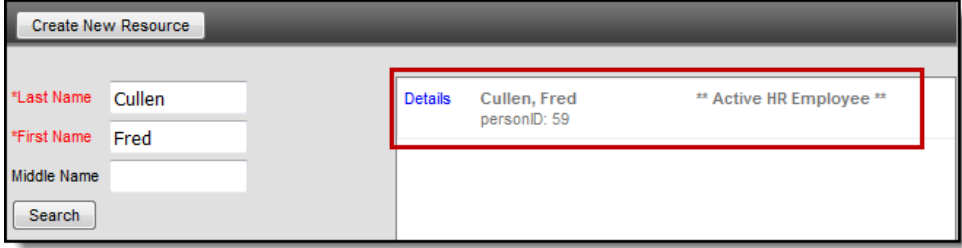

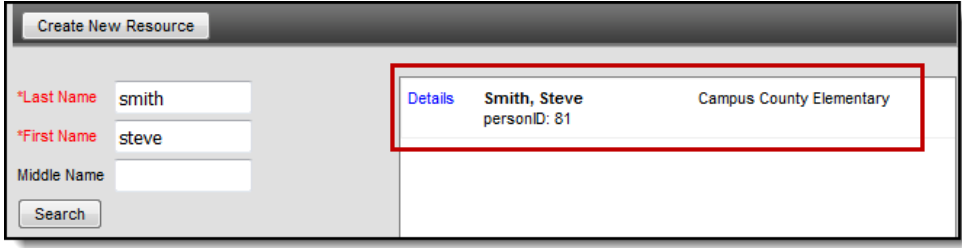

Step 1. Search for Non-Employee Resources

On the first screen of the wizard, search for non-employee resources that may already be tracked in Campus. When you search, people that already exist in Campus display in the search results.

Search for Non-Employee Resources

If...	Then...
the person does not display in the search results	click the Create New Resource button and continue to Step 2. Enter Contact Information.

If...	Then...
the person already exists in Campus	click their name and continue to Step 2. Enter Contact Information . You cannot add students as non-employee resources.
the person has a Work Assignment	you cannot add or modify them using the Resource Wizard. 
the person is already a non-employee resource	you cannot add them using the Resource Wizard; however, you can click their name and make changes. The school to which they are actively assigned displays to the right of their name. 

If the person already exists as an employee or non-employee resource, click the blue **Details** link to display the Person Summary Report. The Person Summary report provides contact and household information that can help you identify the person.

Person Comments: **Contact Information Comments:**

Step 2. Enter Contact Information

The Contact Information section allows you to enter general contact information like the person's name, phone number, and email address.

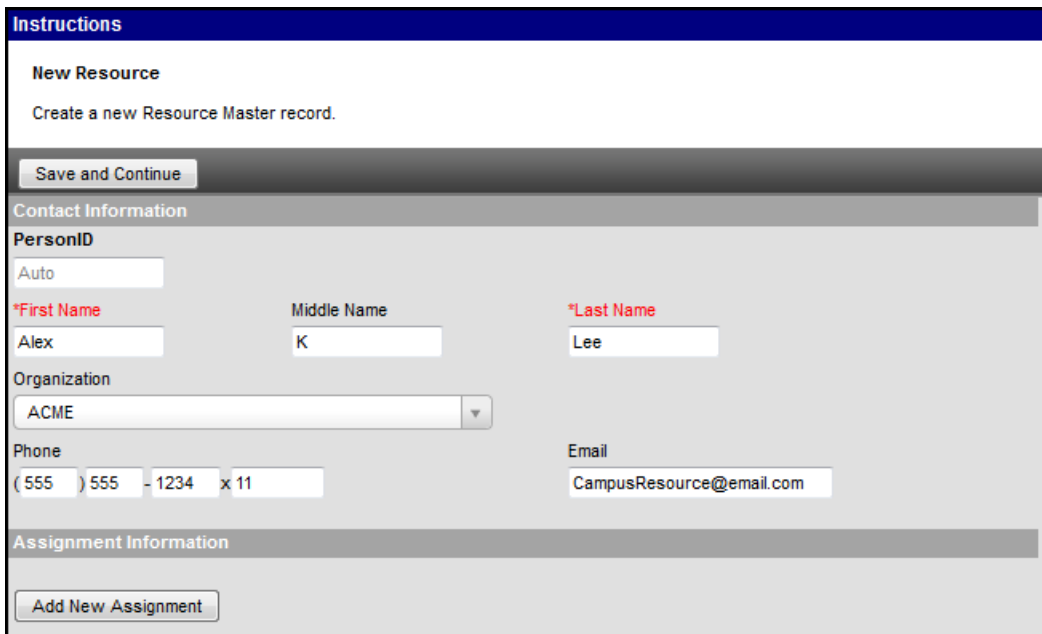

If the person already exists in Campus

- the **PersonID** field will display their ID. Otherwise, that field displays *Auto* and Campus will assign an ID once you save the record.
- the **Phone** field will display the cell phone number from their Census record.

The **Organization** field is set up using the [Resource Codes](#) tool.

After you enter general contact information, continue to **Step 3. Add New Assignment(s)**.

After you save a new non-employee resource, Campus automatically creates a record of the person in [Census > People](#) if a record did not already exist.
