

Arizona Ed-Fi Data v3.5 - Discipline Incidents

Last Modified on 10/22/2022 10:12 am CDT

Classic View: System Administration > Ed-Fi

Search Terms: Ed-Fi

This event entity represents an occurrence of an infraction ranging from a minor behavioral problem that disrupts the orderly functioning of a school or classroom (such as tardiness) to a criminal act that results in the involvement of a law enforcement official (such as robbery). A single event (e.g., a fight) is one incident regardless of how many perpetrators or victims are involved. Discipline incidents are events classified as warranting discipline action.

Object Triggering

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	<p>Reports a behavior incident when the incident's Status is marked and saved as "Complete".</p> <ul style="list-style-type: none"> The incident must have at least one behavior event associated and the event is mapped to an Ed-Fi Value. The incident must be tied to a Behavior Incident that has at least one Behavior Resolution that is mapped to an Ed-Fi Value Student must be in SPED on the date of the reported behavior event that is identified by: <ol style="list-style-type: none"> Student has a locked IEP that overlaps the dates of the reported behavior event. Student has no IEPs and has a flag with a state code of '999' (IEP) that overlaps the dates of the reported behavior event. Posting can occur if a new event is added after Incident is marked as "Complete". Do not send if the student is in a calendar marked as Exclude. Do not send if the student is in a School marked as Exclude. Do not send if the student's enrollment is marked as State Exclude. Do not send if the student's grade is marked as State Exclude. Do not send if a student's enrollment is marked as No Show.
Put	<p>When data that is not part of the Natural Key is changed.</p> <ul style="list-style-type: none"> When Submitted By is changed on the incident. When a new behavior event is added, changed or removed. When the incident date is changed.
Delete/Post	<p>When the Incident's status is changed.</p> <ul style="list-style-type: none"> Delete when the status is changed from Completed to In Progress. Post when the status is changed from In Progress to Completed.
Delete/Post	<p>When a student's SPED IEP is changed.</p> <ul style="list-style-type: none"> Delete when the IEP is unlocked. Post when the IEP is locked. Delete if IEP dates are updated to no longer overlap the behavior incident. Post if IEP dates are updated to now overlap the behavior incident.

Action	Trigger
Delete/Post	When student's flag with a state code of 999 (IEP) is changed. <ul style="list-style-type: none"> Delete if flag dates are updated to no longer overlap the behavior incident. Post if flag dates are updated to now overlap the behavior incident. Delete when a flag with dates that overlaps the behavior incident is deleted. Post when a flag with dates that overlaps the behavior incident has the program updated to 999 (IEP) or a new flag is added with a program state code of 999 (IEP).
Delete	When an incident is deleted.
Delete	When the associated student enrollment is deleted.
Delete	When all Student Discipline Incident Associations are deleted that are associated with this Discipline Incident record.

Resource Toggle/Resync

Action	Business Rule
None	If a resource is toggled to 'OFF' after data has sent, all sent data will remain in the ODS but no new data will send.
Resync	If a record is in the Ed-Fi Identity Mapping table and not in the ODS, it will be deleted from the Ed-Fi Identity Mapping table
Resync	If a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.
Resync	If a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.

Natural Key Changes/Cascading Updates, Deletes

Action	Business Rule
Post/Delete	Natural Key changes: <ul style="list-style-type: none"> If the School Number/Ed-Fi School Number changes, a delete/post will occur with the cascading deletes from the School ID Change triggers. If an Ed-Fi ID changes, this will happen with the cascading deletes from the Ed-Fi ID Change trigger.
Delete/Post	If the Incident is deleted all dependent resources will delete. <ul style="list-style-type: none"> Student Discipline Incident Associations, Discipline Action

Scope Year

Business Rules
Discipline records will only send to the school year they are aligned to
Data will only send for the years that have valid configuration

Identity Mapping Object Key

campusObjectType	Object Key Data Source
BehaviorIncident	incidentID

Event Queue Detail

Campus Table	Ed-Fi Action	Fields
behaviorIncident	Post/Put/Delete	The primary table for sending data for this resource
behaviorEvent	Put	Referring Party

Object Data Elements

Data Element Labels in bold are part of the Natural Key and are required data elements for Data to send to Ed-Fi.

Data Element Label	Business Requirement	Business Rules	M, C or O	Data Source GUI Path	Database Field
id	The unique identifier of the resource.		M		
incidentIdentifier	locally assigned unique identifier (within the school or school district) to identify each specific incident or occurrence. The same identifier should be used to document the entire incident even if it included multiple offenses and multiple offenders.	Reports the Incident ID.	M	Behavior> Behavior Management> Incident ID	Behavior Incident. incidentID
schoolReference	A reference to the related School resource.	Reports the fields that are part of the Natural Key for the Schools resource.	M		

Data Element Label	Business Requirement	Business Rules	M, C or O	Data Source GUI Path	Database Field
staffReference	A reference to the related Staff resource.	<p>Reports the Natural Key from the Staff Resource when there is a person selected in the Submitted By field:</p> <ol style="list-style-type: none"> 1. Staff must have an Ed-Fi ID to send. 2. Only send if the Staff has a Staff Education Organization Assignment Association in the Identity Mapping table. 	O	Behavior> Behavior Management> Submitted by	behaviorincident referralPersonID
behaviors	An unordered collection of discipline Incident Behaviors. This event entity represents an occurrence of an infraction ranging from a minor behavioral problem that disrupts the orderly functioning of a school or classroom (such as tardiness) to a criminal act that results in the involvement of a law enforcement official (such as robbery). A single event (e.g., a fight) is one incident regardless of how many perpetrators or victims are involved. Discipline incidents are events classified as warranting discipline action.	See array section below.	O		
caseNumber	The case number assigned to the incident by law enforcement or other organization.	This is optional, does not report.	O		

Data Element Label	Business Requirement	Business Rules	M, C or O	Data Source GUI Path	Database Field
incidentCost	The value of any quantifiable monetary loss directly resulting from the incident. Examples include the value of repairs necessitated by vandalism of a school facility, the value of personnel resources used for repairs or consumed by the incident.	This is optional, does not report.	O		
incidentDate	The month, day, and year on which the incident occurred	Reports the Date of Incident.	M	Behavior> Behavior Management> Date of Incident	Behavior Incident. timestamp
incidentDescription	The description for an incident.	This is optional, does not report.	NM		
incidentLocation Descriptor	Identifies where the incident occurred and whether or not it occurred on campus, for example: On campus Administrative offices area Cafeteria area Classroom Hallway or stairs .	Report the Ed-Fi code mapped to the selection in the Location field on the Incident.	O	Behavior Management > Location	BehaviorIncident location
incidentTime	An indication of the time of day the incident took place.	This is optional, does not report.	O		
reportedToLaw Enforcement	Indicator of whether the incident was reported to law enforcement.	This is optional, does not report.	O		

Data Element Label	Business Requirement	Business Rules	M, C or O	Data Source GUI Path	Database Field
reporterDescription Descriptor	Information on the type of individual who reported the incident. When known and/or if useful, use a more specific option code (e.g., ""Counselor"" rather than ""Professional Staff""); for example:Student Parent/guardian Law enforcement officer Nonschool personnel Representative of visiting school .	Report the Ed-Fi code mapped to the Referring Party selected on the Behavior Event: 1. If there is more than one event on the incident and there are different Referring Party codes selected, the last one to sync reports.	O	Behavior> Behavior Management> Event and Participant Details> Referring Party	behaviorEvent. reporterType
reporterName	Identifies the reporter of the incident by name.	Report the First and Last name of the person listed in the Submitted By field.	M	Behavior> Behavior Management> Submitted by	
weapons	An unordered collection of disciplineIncidentWeapons. This event entity represents an occurrence of an infraction ranging from a minor behavioral problem that disrupts the orderly functioning of a school or classroom (such as tardiness) to a criminal act that results in the involvement of a law enforcement official (such as robbery). A single event (e.g., a fight) is one incident regardless of how many perpetrators or victims are involved. Discipline incidents are events classified as warranting discipline action.	This is optional, does not report.	O		

Data Element Label	Business Requirement	Business Rules	M, C or O	Data Source GUI Path	Database Field
etag	A unique system-generated value that identifies the version of the resource.		O
