The English Learners (EL) tools allow schools and districts to manage student EL programs, assessments, services, and accommodations. The EL tab provides a central location for managing EL information such as the date the student was identified as EL, when the student entered/exited an EL program, when the student is expected to leave an EL program and First Year/Second Year Monitoring data. For students who exited and/or re-entered an EL program, an historical record is kept and displayed on the tab which can be viewed in both State and District Editions of Infinite Campus.

ELL students are those whose native language is not English and who have difficulty reading, writing, speaking, or comprehending English such that it limits success in the classroom.

EL Tools

Some fields in the EL tab are specific to your state. All other fields in the EL tab do not require unique, state-specific data. However, many of these fields are required and data entry in these fields is necessary. For more information on these fields, see the [English Learners \(EL\)](#) article.
