Estimated Enrollment Extract (Arizona)

Last Modified on 10/22/2022 10:13 am CDT

**PATH:** *AZ State Reporting > Estimated Enrollment Extract*

Search Term: *Estimated Enrollment Extract*

The Charter School Estimated Enrollment Extract reports students actively enrolled as of the Effective Date selected on the report editor for the school selected in the Campus toolbar. The report can only be generated in .CSV format.

> This report is no longer collected by the Arizona Department of Education and remains within Campus for retrieval of historical data which can be sent to the state for auditing purposes.
>
> **Note:** Charter schools are still allowed to use the Estimated Enrollment Extract for sending information to the Arizona Department of Education.
>
> Users should submit data to the state via Ed-Fi (AZeds) functionality. For more information about Ed-Fi, see the following article: Arizona Ed-Fi Information.

Charter School Estimated Enrollment Extract Editor

Report Logic

- The first row of the report includes header fields and all remaining rows contain student data.
- Student enrollment records marked as *No Show* are NOT included.
- Students are NOT included if the student's enrollment record is marked as State Exclude.
- Students are NOT included if the Grade Level of enrollment is marked as State Exclude.
- Students are NOT included if the Calendar of enrollment is marked as State Exclude.

Report Header

Field	Definition	Campus UI and Database Location
CTDS Number	The County-Type-District-Site ID. This number is created by combining the District Number and School Number.	System Administration > Resources > District Information > District Number System Administration > Resources > School District.number School.number
Charter Name	The name of charter holder. This field reports from Resources > School > Agency. If the Agency field is null, the District > Name reports.	System Administration > Resources > School > Agency OR District > Name District.name
Charter Site Name	The name of the charter site.	System Administration > Resources > School > School Detail > Name School.name
Contact Name	The contact to whom questions are addressed.	System Administration > Resources > School > Principal Name School.principalName
Contact Telephone	Phone number of contact.	System Administration > Resources > School > Phone School.phone
Contact Email	E-mail address of contact.	System Administration > Resources > School > Principal Email School.email

Extract Layout

Element Name	Description	Type, Format and Length	Campus UI and Database Location
First Name	The student's first name.	Alphanumeric, 20 characters	Census > People > Demographics > First Name Identity.firstName
Middle Initial	The student's middle initial.	Alphanumeric, 1 character	Census > People > Demographics > Middle Name Identity.middleName
Last Name	The student's last name.	Alphanumeric, 30 characters	Census > People > Demographics > Last Name Identity.lastName
Birth Date	The student's date of birth.	Date field, 10 characters mm/dd/yyyy	Census > People > Demographics > Birth Date Identity.birthDate
Grade Level	The student's grade for the upcoming school year.	Numeric, 2 digits	Student Information > General > Enrollments > Grade Enrollment.grade
SPED Category	The SPED Category reports from the most recent/current locked Plan as of the Effective Date of the report. If a student's Special Ed Status has been ended (IEP End Date, Exit Date) on or before the Effective Date entered on the report editor, no value is reported. A value is reported only if an IEP is active as of the effective date selected in the extract editor.	Alphanumeric, 5 characters	Student Information > Special Ed > General > Documents > Enrollment Status > Primary Disability OR Student Information > Enrollments > Special Ed Fields > Primary Disability Student Information > General > Documents > Plan record > Education Plan > IEP End Date Student Information > General > Documents > Eval record > Evaluation Editor > Exit Date Enrollment.disability1

Element Name	Description	Type, Format and Length	Campus UI and Database Location
ELL Status	Identifies whether ELL services will be provided. Report 'Y' if the student has an EL Service record with A Service Type matching one of the following: A1, B1, B2, B3, A2, A4, A5 Otherwise, report a value of 'N'.	Alphanumeric, 1 character	Student Information > Program Participation > English Learners (EL) > EL Services > Service Type Not dynamically stored
AOI Status	Identifies whether the student is Non AOI, AOI Full-Time, or AOI Part-Time. If Local Service Type on enrollment that is effective as of the effective date selected in the extract editor is 'T:AOI', report 'AOI Full-Time' Else, report 'Non AOI'	Alphanumeric, 3 characters	Student Information > General > Enrollments > State Reporting fields > Local Service Type EnrollmentAZ.localServiceType
