BIE PSO Interview

Last Modified on 10/22/2022 10:14 am CDT

Tool Rights | Ad Hoc Reporting | Understanding the BIE PSO Interview Tool

Path: *Student Information > Program Participation > NASIS Programs > BIE PSO Interview*

The BIE PSO (Post School Outcome) Interview tool is used to record former student responses to questions regarding the student's departure from the school system one year prior. The information collected here equips schools to better understand student exits and post schooling activities as a possible means to identify where to allocate programs and resources to meet student needs. This tool is available to both District Edition and NASIS State Edition users.

This tool syncs up to the NASIS State Edition. A successful sync-to-state requires Zones are set up in *System Administration > Data Interchange > Zones.*

An expandable **Interview Introduction** section provides users with an introductory script to assist in explaining the purpose of the call to interview respondents.

BIE PSO Interview editor

Tool Rights

Tool rights must be assigned to use this tool.

> Users with at least Read and Add tool rights are able to create and save new records. Only users with Write tool rights are able to edit existing records.

Classic Path: *Student Information > Program Participation > NASIS Programs > BIE PSO Interview*

New Look of Campus Path: *User Management > User Accounts > Tool Rights > NASIS Programs > BIE PSO Interview*

Read	Write	Add	Delete
Allows the user to view existing BIE PSO Interview records.	Allows the user to edit existing BIE PSO Interview records	Allows the user to add new BIE PSO Interview records	Allows the user to remove BIE PSO Interview records

Ad Hoc Reporting

Create a report that pulls BIE PSO Interview fields in the Filter Designer using the *Student,* Data Type. BIE PSO Interview fields are located in *Student > Learner > NASIS Programs > BIE PSO Interview.* Many of the BIE PSO Interview fields report a coded value. Coded values not represented by a 1 or 0 are defined in the Understanding the BIE PSO Interview Tool section. Otherwise, fields reporting 1 or 0 are defined as True/False with 1 representing a "True" statement and 0 representing a "False" statement.

BIE PSO Interview Ad Hoc Reporting fields

Understanding the BIE PSO Interview Tool

The BIE PSO Interview tool includes the following collection fields. Each section can be expanded or collapsed for easier viewing.

A student who has left the school in a prior year will not populate in a 'Student' search in the current year. Students will only populate in a Student search if searched within a school year they have an enrollment. Otherwise, use 'All People' when searching for former students.

Interview Sections	Description
Interview Outcome *Required*	Records whether or not the interview was completed. The following options are available:

Code	Name
C	Completed Interview
NC	School Did Not Complete Interview
NS	Unable to Contact Student
