The Eligibility in the Local Context Extract allows submission of students in the top 15% of their class, as determined by the students' grade point average. Authorization for submission must be received by the student's parents/guardians to release this information.

There are five parts to the submission:

- A School Demographic record for the reporting school or calendar.
- A Student Demographic record for each student.
- A Student Course record(s) for each student.
- A Student Test record(s) for each student.
- A File Termination record for the submission.

Report Logic

School Demographic (SD) Record | Student Demographic (01) Record | Student Course (02) Record | Student Test (03) Record | Student Immunization (04) Record | Student Race/Ethnicity (05) Record

Students are included in this report if:

- Were enrolled in Grade 11 in the Reporting Year.
- Have the ELC Eligible checkbox marked on the 11th grade enrollment record.
- Have the ELC Assessment OK checkbox marked on the 11th grade enrollment record (used only for the Student Test Records).

Additional logic is used for the individual records, defined below.

School Demographic (SD) Record

- Information reports for the selected calendar.
- Calendars marked as state exclude are not reported.
- TES reports for Grades 09, 10, 11 and 12.
- ELC reports for Grade 11 only.

Student Demographic (01) Record

- Students must have an active or ended enrollment record in Grade 11 (state grade level) in the reporting calendar.
- Students must have the ELC Eligible checkbox marked on the 11th grade enrollment record.
- Students marked as State Exclude, in a grade level marked as State Exclude or in a calendar marked as State Exclude do not report.

Student Course (02) Record

- Courses report from the student's Transcript Course Records.
- The grade level on the course may be 07-12.
- Course records are grouped by year, starting with the earliest year first.

See the ELC Term Code for the calculation used in the extract.

Student Test (03) Record

- When the student has the ELC Assessment OK checkbox marked on the 11th grade enrollment record, test records report for all assessments with the following state codes:
 - 108 CAHSEE
 - 118 PSAT
 - 131 ACT
 - 133 SAT Reasoning
 - 134 SAT Subject
 - o 135 AP
 - o 136 IB
 - 142 PLAN
 - 144 EAP (Early Assessment Program)
 - CAASPP
- Records report for all assessments with a Test Type of National Test and the ACT, PSAT, SAT or SAT 2 checkbox marked.
- If the student does not have any appropriate assessments, a Student Test Record does not report.
- When the student does NOT have the ELC Assessment OK checkbox marked on the 11th grade enrollment, no records report.

Student Immunization (04) Record

- Reports only for students in Grade 12.
- All immunizations records report for the student. Each shot of a particular vaccine reports in its own row.

Student Race/Ethnicity (05) Record

- All race/ethnicity information reports for all students, one record per student.
- When a student has more than five races/ethnicities selected, only the first 5 report.
