The ASES (After School Education and Safety) Report includes student data and attendance information for after school education programs. State student attendance rules apply, as follows:

- The student must be present at least one instructional attendance taking period in the day that is marked Attendance and Instructional (on the Calendar Days).
- Days are summed to a total and reported in the Days Attended Regular School field. For Report Range Semi-Annual 1, attendance from July 1 to December 31 calculates. For Report Range Semi-Annual 2, attendance from January 1 to June 30 calculates.
