Search Terms: Monthly Attendance Summary

The Monthly Attendance Summary provides a summary detail of attendance days, average daily attendance (ADA), and enrollment numbers by school month and grade level. Users can select specific grade levels and specific attendance categories to include in the report.

Monthly Attendance Summary Report

A unique District of Apportionment appears within each unique Attendance Category for each [School Month](#) for the selected calendar(s). When multiple calendars are selected, this report generates totals by Attendance Funding Category, District of Apportionment and School Month/Reporting Period for all selected calendars.

Please note the following:

- **Calendars selected for this report should have the same school months (including school month name) and number of Instructional days.**
- All grade levels must be mapped to a State Grade level.

- Students marked as **No Show** on enrollment records are not included in the report.
- Students marked as State Exclude on their **Enrollment** record, enrolled in a **Grade Level** marked State Exclude or enrolled in a **Calendar** marked State Exclude are not reported.

The Monthly Attendance Summary can be generated immediately or can be generated at a later time using the **Submit to Batch** option. This button sends the report to Batch Queue where the report is built and be saved for review later. This option is recommended when multiple schools or even multiple attendance categories are selected.

See the [Batch Queue](#) documentation for additional information.

Report Logic

Attendance Reporting

A student is counted as Present for the entire day when the student is present in at least one attendance-taking course section in an instructional period. This means there is no attendance code assigned in the period, or there is an attendance code with a Status/Excuse of Absent/Exempt or an attendance code with a Status of Present or Tardy and any Excuse. Present by Independent Study means an attendance code of ISC with a Status of Present and any Excuse.

A student is counted as Absent for the entire day when the student is absent in all attendance-taking sections in instructional periods. This means an unexcused absence is assigned with a Status of Absent and an Excuse of Unexcused or Unknown or an excused absence is assigned with a Status/Excuse of Absent/Excused.

Enrollments

Only enrollments that are active during the selected school months for at least one instructional day are considered in the report.

All students enrolled at any time during the selected School Month(s) report under the following conditions:

- Only students whose enrollments have the Attendance Funding Category(ies) selected in the editor report.
- Students in all State Grade Levels (not just KN-12) in the selected calendar report when All Grade Levels is chosen. Otherwise, only students in selected grade levels report. All Grade Names in a calendar must have a State Grade Level entered or students in that Grade Level do not report.
- Only students whose enrollments have the appropriate Service Type/Track Jumper status enrolled in the selected calendar at any time during the selected School Month(s) report.

- Primary Enrollments (not Track Jumpers) - Students who have Service Type P and Track Jumper checkbox on the [Enrollment record](#) is not marked.
- Track Jumpers - Students who have Service Type P and Track Jumper checkbox is marked.
- Partial Enrollments - Students who have Service Type S or N.

When the same student ends enrollment and re-enrolls within the same School Month, that student reports in both the Gains and Losses as two separate records.

Within a School Month, student records are grouped by Attendance Funding Category. Within an Attendance Funding Category, student records are grouped by District of Apportionment. Within a District of Apportionment section, student records are grouped by Grade Level.

The Summary reports the total for each column after each reporting group. These fields are reported for each grade level within each unique District of Apportionment within each unique Attendance Category within each unique School Month for the calendar(s) being reported. When the Attendance Category is *10: Regular Day* or *45: Independent Study Regular Day*, a summary total also reports for Grades 1-3, 4-6, 7-8, 9-12 (grouped by State Grade level). A summary total reports for the whole State Grade Level and for each individual Grade Name in the grade level when the reporting group contains State Grade Level KN. Other grade levels report but not within summary totals. For other Attendance Categories, totals for all grade levels are combined. Each unique School Month, Attendance Funding Category, and District of Apportionment "reporting group" reports in a separate section. Counts for each section report by State Grade Level.

- Students who have multiple enrollments in a School Month in the same Attendance Funding Category, District Apportionment and Grade Level group count once for each enrollment.
- Students who change Grade Levels only during a school month count in both grade levels.
- Students who change Attendance Funding Categories and/or District of Apportionment during a school month count in both groups.
- Students who change Service Types during a school month count in both groups and in both reports.
- Students who have an end status of 440 are not reported, unless the student's Attendance Funding Category is changed.

When multiple School Months are selected for reporting, each School Month reports individually and the range of School Months reports as if it were a single month.

- When School Months 1-3 are selected, records would report for SM 1, SM 2, SM3, and SM1-3.
- For a single School Month, each grade level in the reporting group reports elements 6-23. For a range of School Months, each grade level in the reporting group should report elements 6-23.
- After each reporting group, Gap Gains and Gap Losses (fields 24-25) report for the first through the second to last individual School Months. When School Months 1-3 are selected, Gap Gains and Gap Losses report after SM 1 and SM 2 but not after SM 3 or SM 1-3.

Age Requirements

The Department of Education has new requirements starting with the 2022-23 school year to expand Transitional Kindergarten for all four year olds in California. Refer to the [Transitional Kindergarten](#) and the [Department of Education](#) websites for more information.

The default date for Transitional Kindergarten is February 2 of the end year of the active year. When 2022-2023 is the active year (set on the School Years tool), the date defaults to February 2, 2023.

Students report in the Monthly Attendance Summary when they are five years old. When the student has a **Program 185: Transitional Kindergarten** flag record, the following logic applies.

When a student turns five years old...	Report Logic
...on or before the entered TK Date and the student has an active Transitional Kindergarten (TK) flag...	...the average daily attendance reports from the beginning of their enrollment for the Active School year. The TK Flag start date or Eligibility Start Date must also start before the entered TK Date of the active school year.
...during the school month selected in the extract editor and it is after the entered TK Date and the student has an active TK flag...	...the average daily attendance reports only for the days on or after the student's birthday. The TK Flag start date or Eligibility Start Date must also start before the entered TK Date of the active school year. When the student's birthday is after the entered TK Date, the student does not report as a gain or a gap gain.
...within the period selected in the extract editor and it is after the entered TK Date and the student has an active TK flag...	...the average daily attendance reports only for the days on or after the student's birthday. The TK Flag start date or Eligibility Start Date must also start before the entered TK Date of the active school year. When the student's birthday is after the entered TK Date, the student does not report as a gain or a gap gain.
...on or before the entered TK Date of the active school year AND has an enrollment with a State Grade Level of PS: Pre-school...	...the student's ADA reports from the beginning of their enrollment in the active school year.
...AFTER the entered K Date of the active school year AND has an enrollment with a State Grade Level of PS: Pre-School...	...the student's ADA reports from their fifth birthday on the active year. This student is counted as a gain.
When a student has...	Report Logic
... a TK flag AFTER the entered TK Date...	... the student reports from the start date of the TK flag.

When a student turns five years old...	Report Logic
...an enrollment start date AFTER the entered TK Date and an active TK flag...	the student reports from the start date of the TK flag. When the enrollment date is before the TK flag date, the student reports from whichever date is later - enrollment start date, TK Flag Date, or Birth Date. This student is counted as a gain....
...has a TK Flag and is under five years old...	...the student's ADA reports from their fifth Birthday on the Active Year when their fifth birthday is AFTER the entered TK Date of the Active School Year. This student is counted as a gain.

Other Reporting Logic

- Gap Gains and Gap Losses report after each individual School Month when a range of School Months is selected. These report for all of the school months in the range except for the last one in each reporting group (School Month/Attendance Funding Category/District of Apportionment).
- When **Display School Details** is selected on the editor, all selected calendars are listed under **List of Included Calendars** when printed.
- Attendance calculations in this report are based on one period of presence equals one day of ADA.
- Reports a single data set for a student when that student is found in multiple trial IDs for a school year.
- Courses marked as ASES do not report. The ASES course Types that do not report are as follows:
 - A1 - Before School Base
 - A2 - After School Base
 - A3 - Before School Supplemental
 - A4 - 3-hour After School Supplemental
 - A5 - 6-hour After School Supplemental
 - Not Funded - ASES Not Funded

Monthly Attendance Summary Definitions

The following definitions are used in the Attendance Summary Report.

Term	Definition
Beginning Enrollments	Total students enrolled on the first instructional day of the School Month. This includes students who start enrollment the day after the last instructional day of the previous School Month through the first instructional day of the next School Month.

Term	Definition
Gains	Total enrollments that begin (added) after the first instructional day of the School Month.
Losses	Total enrollments that end during (ended before the end of) the School Month. Enrollments with an end date on the last instructional day of a school month are counted in the gap losses count.
Ending Enrollments	Total students enrolled on the last instructional day of the School Month.
Total Enrollments	Total number of enrollments that were active for at least one instructional day during the School Month.
Gap Gains	Total number of enrollment starts that occur in the gap between two school months.
Gap Losses	Total number of enrollment drops that occur in the gap between two school months.

Element Selection	Description
Report Period	<p>Selection indicates the part of the year for which attendance data is reported. Options are:</p> <ul style="list-style-type: none"> • P1 • P2 • Annual • 19-20 P2 - reports School Month 01 through the last full School Month that ends on or before February 29, 2020 (added in response to COVID-19). This option can only be used with 2019-2020 calendars. • 19-20 Annual - reports all school months in a calendar that end on or before February 29, 2020 (added in response to COVID-19). This option can only be used with 2019-2020 calendars. • Choose School Months • Custom Date Range

Element Selection	Description
TK Date	<p>Indicates the date for when students in Transitional Kindergarten programs are allowed to generate average daily attendance for the Monthly Attendance Summary.</p> <p>This date is automatically set to February 2, 2022. When necessary, it can be modified by selecting the calendar icon to choose a new date or by entering a new date in <i>mmdyy</i> format.</p> <p>When the student has a Transitional Kindergarten record AND is under five years old:</p> <ul style="list-style-type: none"> • ADA reports from the beginning of their enrollment in the active school year when their fifth birthday is ON or BEFORE the entered TK Date. • ADA reports from the student's fifth birthday when their birthday is AFTER the entered TK Date. <div style="background-color: #e1f5fe; padding: 10px; border: 1px solid #ccc;"> <p>The Department of Education has new requirements starting with the 2022-23 school year to expand Transitional Kindergarten for all four year olds in California. Refer to the Transitional Kindergarten and the Department of Education websites for more information.</p> </div>
Select School Months	<p>Allows user to select which school months to include on the report. This option displays when the Report Period option is set to Choose School Months. A calendar must be selected in the Campus toolbar in order to populate the appropriate school month list.</p>
Date Range	<p>Allows the ability to enter specific dates for the attendance data included in the report. This option displays when the Report Period option is set to Custom Date Range.</p> <p>Dates can be entered in <i>mmdyy</i> format or use the calendar icon to select a date. A calendar must be selected in the Campus toolbar in order to populate the appropriate school month list.</p>
Attendance Category	<p>Type of attendance group assigned to the student.</p>
Choose Grades	<p>Indicates the students' grade levels of enrollment.</p> <p>When All Grade Levels is selected, students in all state grade levels (not just KN-12) report.</p>

Element Selection	Description
Student Types	<p>Indicates the enrollment types of the students included on the report. Options are:</p> <ul style="list-style-type: none"> • Primary Enrollments (not Track Jumpers) • Track Jumpers • Partial Enrollments
Display School Details	When selected, displays the school name for which data is reported in a List of Included Calendars header.
Ad hoc Filter	<p>Allows a pre-existing Ad hoc filter to be chosen to further narrow the results of the students included in the report.</p> <p>For example, the MAS may need to be generated for a particular race/ethnicity. Creating a filter that only pulls that information can be selected here, so the results of the MAS only return students in the selected grade level, attendance category and a particular race/ethnicity. This allows for LCAP reporting.</p>
Format	Determines the file type in which the report generates. Options are PDF, PDF (State Reporting), DOCX, DOCX (State Reporting), or CSV.
Calendar Selection	Data from selected calendars is included in the report. At least one calendar needs to be selected in order to generate. The calendar chosen in the Campus toolbar is automatically selected.

Generate the Monthly Attendance Summary

This is a very complex report. Try to limit the generation of this report to after-school hours or use the Submit to Batch option to select when the report can generate.

1. Select the **Report Period** from the dropdown list.
2. When the Report Period option chosen is Choose School Months, select the desired **School Months** to include in the report.
3. When the Report Period option chosen is Custom Date Range, enter the desired dates.
4. Verify the entered **TK Date** is correct, and modify as needed.
5. Select the desired **Attendance Category(ies)** from the list.
6. Select the **Grade Level(s)** of the students to include in the report.
7. Select the **Student Type** from the dropdown list.
8. Determine if calendar details should be displayed. If yes, mark the **Display School Details** checkbox. If no, uncheck this option.
9. Select an **Ad hoc Filter**, if desired.
10. Select the **Format** in which to display the report.
11. Select the **Calendars** to include in the report.

12. Click the **Generate Report** button. The report displays in the selected format, listing the attendance information for the selected students. Or, to generate the report at a later time, click the **Submit to Batch** button.

The example shown below uses the following options:

- Reporting Period - P1
- Attendance Category - All Categories
- Grades - High School Grade Levels
- Student Type - Primary Enrollments
- Display School Details - Selected
- Format - PDF
- One Calendar selected

Data Validation:
 Days Possible should equal Days Account
 Total Enrollments = Beginning + Gains
 Days Accountable = Total Enrollments times Days Taught
 IS days and ADA are included in the total Apportionment Days and ADA.
 Beginning Enrollments for a School Month should be equal to the Ending Enrollments + Gap Gains - Gap Losses from the previous School Month. This does not apply to the first School Month of the year.

To the best of my knowledge, the information contained on this attendance record is verified as accurate and complete.
