Continuation Attendance Report

Report Logic

Students who have an active enrollment record for any part of the selected school month or reporting period and an Attendance Funding Category of 15, 36 or 47 report (chosen on the report editor). Total Average Daily Attendance (ADA) reports for all students in each selection Attendance Funding Category group and as a total for all groups.

Students are not included in the report when:

- Their enrollment is marked as State Exclude or as No Show.
- They are enrolled in a grade level marked as State Exclude.
- They are enrolled in a calendar marked as State Exclude.

Report Editor

Field	Description
Report by School Months or Reporting Periods	 Selection determines how a report generates. When School Months is selected, choose which school months to include in the report (choose at least one). When Reporting Periods is selected, choose one of the following: P1 = School Month 01 through the last full School Month that ends on or before December 31 P2 = School Month 01 through the last full School Month that ends on or before April 15 19-20 P2 = School Month 01 through the last full School Month that ends on or before April 15 19-20 P2 = School Month 01 through the last full School Month that ends on or before February 29, 2020 (added in response to COVID-19) Annual - all school months in a calendar 19-20 Annual = all school months in a calendar that end on or before February 29, 2020 (added in response to COVID-19)
Attendance Funding Categories	 Indicates which Attendance Funding Categories are included in the report. Choose All Categories or one of the three available: 15: Continuation 36: Continuation Concurrent 47: Continuation Fill Time Independent
Format	The report can be generated in PDF, TSV, or CSV format. Use the TSV format when generating the report for large schools, multiple reporting periods, etc.
Ad hoc Filter	Select an Ad hoc filter to narrow the student list. Only those students included in the filter (and who match other reporting logic and business population requirements) are included in the report.
Report Generation	Generate the report immediately using the Generate Report button. Use the Submit to Batch button to choose when the report generates. Submit to Batch can be used when large data sets are chosen (multiple school months, larger calendars, etc.) .
