Classic View: CA State Reporting > CALPADS Extracts> Postsecondary Status Summary

Search Terms: CALPADS Postsecondary Status Summary

The CALPADS Postsecondary Status Summary allows districts to submit data about student employment and/or educational status the year after completing secondary education (graduates from the prior academic year). This information is collected for any student who was part of and completed a CTE Program or was participating in the California Partnership Academy Program (State Code 113).

The screenshot shows the 'CALPADS Postsecondary Status Summary' report generation page. At the top, there is a search bar and a navigation breadcrumb: 'Reporting > CA State Reporting > CALPADS Postsecondary Status Summary'. Below the title, there is a description of the report and instructions on when to run it. The main area contains several form fields: 'Transaction Type' (set to 'Add/Update'), 'Format' (set to 'State Format(Caret Delimited)'), and an 'Ad Hoc Filter' dropdown. To the right, there is a 'Select Calendar' section with radio buttons for 'active year', 'list by school', and 'list by year'. Below this is a list of schools for the '20-21' calendar, with '20-21 Colfax Middle' selected. At the bottom, there are 'Generate Report' and 'Submit to Batch' buttons, and a 'Batch Queue List' table with columns for 'Queued Time', 'Report Title', 'Status', and 'Download'. A status bar at the bottom indicates 'Refresh Show top 50 tasks submitted between 08/19/2020 and 08/26/2020'.

CALPADS Post Secondary Status Summary

Report Logic

Students are included in the report when:

- The student is no longer an active student, meaning the student's enrollment record for the selected calendar has an End Date and an Enrollment Status indicating no longer a student.
- The student's Enrollment End Status for the reporting year is one of the following:
 - 100
 - 120
 - 250
 - 320
 - 330
 - 360
- The student was part of a CTE Program OR was assigned a Program/Flag with a State Code of 113 - Educational Options: CA Partnership Academy.
- The student's CTE record has a Pathway Completion Date.
- The student must have a value in the [Postsecondary Status Code](#) in the State Reporting Graduation Fields editor. One record report for each Postsecondary Status Code assigned to the student.

Validate PSTS Data

Use the [Data Validation Report](#) to correct any student data prior to the submitting the CALPADS file to the state. Validation Groups and Validation Rules are provided by Infinite Campus for a specific CALPADS extract (listed below). These groups are used to return certain rules assigned to each group.

Modifications to the Validation Rules and Validation Groups can be made if your district has purchased the [Campus Analytics Suite](#); otherwise, they are read-only.

Users can select the **Missing or Incorrect Data** Validation Group, which returns any missing or incorrect data that is reported in the CALPADS Extract, like a missing enrollment exit reason or an incorrect date, for example.

Note that examples refer to CALPADS SENR.

Instructions

The Data Validation Report returns results from the Data Validation Group selected. The Summary section includes the number of occurrences for each Data Validation Rule; if a Baseline Rule is used its Total population will be returned along with the Rate of the primary Rule compared against the Baseline Rule. State Owned Data Validation Groups can be run against the State Dataset via DIS.

Report Editor

Field	Description
Transaction Type	Indicates the type of transaction that will occur - Add/Update or Delete.
Format	Determines how the report will generate. Select State Format (Caret Delimited) if submitting records to the state. Other formats available for testing and review purposes are CSV and HTML.
Ad hoc Filter	Select which students to include in the extract by choosing a filter that was created in the Filter Designer.
Calendar Selection	Select the calendar of enrollment from which to pull student data. Calendars can be chosen by the active year, by the school name or by the year.
Report Generation Options	Choose the Generate Extract to display the results of the chosen items immediately. Choose the Submit to Batch option to generate the report at a specified time. This option is helpful when generating large amounts of data.

Generate the Extract

1. Select the **Transaction Type** from the dropdown list - Add/Update or Delete.
2. Select the **Format** of the file.
3. Use the **Ad hoc Filter** to select students already included in a filter. This is not required. If not chosen, all students who have the appropriate enrollment start or end status during the entered date range are included.
4. Select the **Calendars** to include in the file.
5. Click the **Generate Extract** button. Or generate the extract at a specified time using the **Submit to Batch** button. The file appears in a new window in the selected format.
