Classic View: CA State Reporting > CALPADS Student Test Settings

Search Terms: CALPADS Student Test Settings

The CALPADS Student Test Settings reports a student's test accommodations necessary for a student to take a test.

CALPADS Student Test Setting

Report Logic

One record reports for every unique test setting code.

In order to be included in the extract, a student must have an active enrollment in the selected calendar and must have entries on the [Test Accommodations](#) tool.

Report Editor

Field	Description
-------	-------------

Field	Description
Transaction Type	Indicates the type of transaction that will occur: <ul style="list-style-type: none"> • Replace - existing student enrollment information will be replaced with new information • Delete - student enrollment information will be deleted.
Format	Selection indicates the format type of the extract. Use the State Format (Caret Delimited) when submitting the information to the state. Use the CSV or HTML format when verifying and testing student data.
Ad hoc Filter	Select which students to include in the extract by choosing a filter that was created in the Filter Designer.
Calendar Selection	Select the calendar of enrollment from which to pull student data. Calendars can be chosen by the active year, by the school name or by the year.
Report Generation Options	Choose the Generate Extract to display the results of the chosen items immediately. Choose the Submit to Batch option to generate the report at a specified time. This option is helpful when generating large amounts of data.

Generate the CALPADS Student Test Settings Extract

1. Select the desired **Transaction Type**.
2. Select the desired **File Format**.
3. To narrow the students included in the report, select an **Ad hoc Filter**.
4. Select the desired **Calendars** to include in the report.
5. Click the **Generate Extract** button to generate the results immediately, or use the **Submit to Batch** option to choose when the report generates. The extract displays in the selected format.
